## BRITAIN PREPARED TO HAVE EXTRA-TERRITORIAL RIGHTS IN CHINA ENDED BY TREATY

Commons Is Informed Government Willing to Co-operate With United States and Other Nations in Arranging Pact Just as Soon as Foreigners in China Fully Protected

London, May 10.—The British Government will gladly co-operate with the United States and other nations in negotiating a treaty abrogating the extra-territorial rights in China, the House of Commons was told today by Godfrey Lampson, Parliamentary Secretary for the Foreign Office.

Mr. Lampson's statement was made in reply to a member who asked if the Foreign Secretary's attention had been called to the assertion that the United States was willing to negotiate such a treaty whenever China was prepared to protect United States property and citizens.

## VISITOR BUYS UPLANDS HOME

World Tourist Returns to Make Victoria Permanent Residence

A newcomer to Victoria who arrived from the United Kingdom on a trip around the world, and liked Vancouver Island climate and scenery so well that he has decided to return to make his home here, has purchased the palatial home of E. W. Patison, in the Uplands.

Negotiations leading to the sale of the Patison residence, one of the largest and most handsome in the Uplands district, were handled by the firm of Pemberton & Sons, for the owner. The Patison residence is well known as one of the show places of Greater Victoria, and fronts on Surf Road, a crescent near the water in the famous subdivision.

The purchaser intends to return to Victoria to reside permanently within a year.

## Atlantic Flight Too Long For One Pilot, Says an Observer

Halifax, May 10.—Capt. Charles Nungesser and Capt. Francis Coli were felled in their daring attempt at a non-stop flight from Paris to New York because Nungesser made the mistake of endeavoring to fly his machine the entire distance by himself. In the opinion of Major A. H. Shearer of the Royal Canadian Air Force, who arrived here from Ottawa today, Major Shearer considered it a physical impossibility for one man to pilot an aeroplane across the Atlantic for more than thirty hours.

## CANADA'S WEALTH SHOWS GREAT GAIN

Total Holdings of People of Dominion Estimated at Over \$22,000,000,000

Ottawa, May 10.—Canada's national wealth is officially estimated at \$22,000,000,000, or an average of \$2,255 per head. This is apart from undeveloped natural resources. There are no accurate figures available as to what the national wealth was at Confederation, but it is estimated it was less than \$1,500,000,000. It is now, therefore, around fourteen times what it was when Canada became a Dominion.

Agricultural values make up about \$8,000,000,000 of the present total, urban real estate nearly \$6,000,000,000, and the railways considerably over \$2,000,000,000.

Ontario owns about one-third, Quebec one-quarter and Saskatchewan about one-eighth.

By provinces, Canada's estimated national wealth is distributed as follows:

Province	Wealth	Capital
P.E.I.	\$119,912,060	\$1,253
Nova Scotia	752,697,986	1,437
New Brunswick	597,596,359	1,541
Quebec	5,841,819,967	2,347
Ontario	7,353,397,816	2,507
Manitoba	1,650,495,858	2,705
Saskatchewan	2,845,642,985	2,717
Alberta	1,950,973,479	2,317
British Columbia	1,365,896,120	2,604
Yukon	16,869,792	4,058
Totals	\$22,195,202,443	\$2,255

The estimates are based on returns taken in the last census.

Late Capt. James Christensen

## NO REPORT YET OF ST. ROMAN PLANE

Fate of Transatlantic Aviators Crossing to Brazil Unknown

Rio de Janeiro, May 10.—Another day has passed without word of Capt. Saint Roman and his companion, Commander Mouneyres, French aviators, who started an attempt to fly across the Southern Atlantic from St. Louis, Senegal, on the west coast of Africa, to Pernambuco, Brazil, last Thursday.

A high official of the Foreign Office told the Associated Press today that the Government of Brazil had taken no measures to search for the aviators because, since the flight had been made against their wishes, the French authorities had made no such request.

## EASTERN CANADA LEADS IN SEEDING

Farm Work on Prairies Behind Because of Unfavorable Weather

Ottawa, May 10.—The first crop report of the present season, issued by the Dominion Bureau of Statistics today, reports that the Spring seeding season in exceptionally retarded on the prairies and advanced somewhat in the East, reversing conditions when a comparison is made with last season. The report was compiled from the returns of crop correspondents at the end of April.

In the three prairie provinces this year only four per cent of wheat seeding is reported done in Manitoba, two per cent in Saskatchewan and ten per cent in Alberta. Last year the figures were: Manitoba, 65 per cent; Saskatchewan 45, and Alberta, 34 per cent.

No Spring seeding is reported in any province on the prairies at the end of April for oats and barley.

Lillian Wilson of Calgary won the girls' solo event and Douglas Motter of Calgary the boys' solo event.

The outstanding performance of the morning, aside from the winners, was that of Betty Mutt of Edmonton, contesting the girls' solo honors.

Dr. J. F. Staton, the adjudicator, stated that while his voice was not so great in volume as those of other contestants, his singing had been so delightful that he would present her with a special prize if the festival committee did not see fit to award one to him.

The junior piano contest for the silver medal was won by Mary Starr of Edmonton.

Lillian Wilson of Calgary won the girls' solo event and Douglas Motter of Calgary the boys' solo event.

## SS. FEDERALSHIP RETURNS TO B.C.

Liquor Cargo Unopened; Owners to Sue Government of U.S. For Seizure

Vessel Will Pass Quarantine To-morrow and Proceed to Port of Vancouver

Vancouver, May 10.—With her \$1,000,000 liquor cargo untouched, the steamer Federalship, with Captain S. S. Stone in command, is expected to arrive in Vancouver late that night or early Thursday.

It is understood that shortly after the ship's return to this port, legal action will be started by the owners against the United States Government. Damages for unlawful seizure and detention of ship, cargo and crew will be claimed, it is stated.

The Federalship is returning to Vancouver so the cargo can be rechecked and restowed, it is reported. A number of repairs will be made while the vessel is here.

When she sailed from California, United States prohibition authorities expected her to proceed to Buena Ventura, Colombia, and coastguard vessels trailed her far out to sea.

ENGINE TROUBLE

The Federalship experienced engine trouble soon after leaving San Francisco, but has been able to make fairly good time on her way here.

When the vessel sailed from the California port, the United States authorities, at the request of the ship's owners, sealed the cargo.

Harold Falkner, San Francisco lawyer, who represented the ship's owners in the fight for her release, is now here conferring with his clients.

## WORLD POULTRYMEN WILL VISIT CITY

Delegates to Ottawa Congress to Come Here on August 20

Delegates to the Ottawa World's Poultry Congress will come to Victoria on August 20, in the course of a Western tour, it was announced at the Department of Agriculture today, following the receipt of telegraphic advices from officials of the congress.

The poultrymen's party, numbering 150 and representing experts from all over the world, will reach the Coast here August 18 and will visit leading poultry districts to see for themselves how British Columbia has become one of the world's leaders in poultry development of late years.

Arriving here on the afternoon of August 20, the party will be taken for a drive through the farming districts of the Southern Peninsula and an official banquet will be tendered to them in the evening. They will return to the mainland on the night boat.

## MUSIC FESTIVAL IS HELD IN CALGARY

Three Out of Four Alberta Honors Won by Calgary Students To-day

Calgary, May 10.—Three out of the four honors at the Alberta Music Festival here this morning were won by Calgary students, the events held being the piano contests for the primary and junior classes and the vocal event for boys and girls under fifteen years.

The primary piano event, which carried with it a silver medal, was won by Alexandra Fundas of Calgary.

Lillian Wilson of Calgary won the girls' solo event and Douglas Motter of Calgary the boys' solo event.

The outstanding performance of the morning, aside from the winners, was that of Betty Mutt of Edmonton, contesting the girls' solo honors.

Dr. J. F. Staton, the adjudicator, stated that while his voice was not so great in volume as those of other contestants, his singing had been so delightful that he would present her with a special prize if the festival committee did not see fit to award one to him.

## 200 KILLED BY STORMS IN U.S.

More Than 800 Injured During Tornadoes in Middle Western Region

Great Property Losses; Relief Measures Being Directed by Red Cross

Kansas City, Mo., May 10.—Tornado and storm casualties in the Middle Western States today stood at more than 200 dead and upwards of 800 injured, many probably fatally hurt. Hundreds were homeless in five states visited by a series of freak storms that started Saturday and reached a climax yesterday when large areas were devastated in Arkansas, Missouri, Texas and Illinois.

Torrential rains over the weekend added to property losses estimated at millions of dollars. Arkansas led with ninety-three dead and more than 300 injured in the wake of tornadoes swept from the southern section of the state to the northeast counties. Lawrence County was hardest hit. At least twenty-eight perished there and approximately 200 were injured. Eighteen were dead and ten are missing at Strong and Norphla in Union County, while eight were killed in Cleveland County.

CASUALTIES IN MISSOURI

Seventy-three persons were known to have been killed in Missouri in a tornado that razed the business section of Poplar Bluff, Mo. Relief workers had placed forty-two bodies in morgues, while twelve bodies were taken to homes in the damaged residential district.

Three deaths resulted from tornadoes in Central Missouri. Seven were killed in Callaway County near Aux Vaisse, New Bloomfield, Guthrie and Carrington. A seventy-mile gale raked St. Louis, causing three deaths.

LOSSES IN TEXAS

Texas reported thirty-three dead, more than 100 injured and property damage of over \$1,000,000 from storms that ripped at scattered points in Dallas, Collins, Hunt and Lamar counties shortly before dawn yesterday. Sixteen were killed at Nevada; ten at Garfield County, at Wolfe City and two at Kellum. Most of the victims were caught in their beds.

Tornadoes and high winds in Illinois killed ten persons and left many injured. Five were killed at New Orleans last night. Chicago reported (Continued on page 12)

## INDIA LEADS IN DAVIS CUP GAMES

Barcelona, May 10.—India today defeated Spain in their doubles match in the first round of the European zone Davis Cup elimination play, taking the lead in the tournament by two matches to one.

A. H. Fyze and K. Prasada of India defeated E. Plager and Senor Morales of Spain, 6-4, 6-3 and 4-3. In the singles contest, Senor Morales took one match and Spain the other. Two more singles remain to be played.

## FLY PASSES BY AND NO NEWS COMES OF ATLANTIC AIRMEN

## JAPAN MORATORIUM SOON TO BE ENDED

Finance Bills Passed by Parliament Signed by Emperor Hirohito

Aid Will be Given Banks Re-opening After Panic

London, May 10.—An Exchange Telegraph dispatch from Tokyo says preparations will be started immediately for the ending of the moratorium recently declared in Japan to ameliorate the financial situation.

Emperor Hirohito, it adds, has signed the finance bills passed by both Houses of Parliament authorizing the Bank of Japan to adjust the situation for reopening the Bank of Formosa and other private banks which show solvency. The limit fixed for guarantees is 700,000,000 yen (\$130,000,000) in addition to the 200,000,000 yen (\$40,000,000) authorized at the close of the last session.

A Tokio dispatch last night said that in passing the finance and tariff bills the Lower House had adopted an amendment providing aid should be given not only to banks which had already reopened, but also to those still suspended whose prospects of recovery were reasonably good. For this purpose, it was added, an Imperial ordinance would be issued appointing a special commission of investigation.

I-ON-A-CO Offices, 1113 Government Street, Victoria, B.C.

Dear Sir,

I feel that I owe it as a debt to my fellow creatures to relate my experience of the value of your wonderful invention, the I-ON-A-CO Magnetic Health Belt. I have had no serious affliction or disorder so far as I am aware, but for four years as a result of a nervous breakdown and relative my life has not been an enviable one. What troubled me most was a shaky right hand which made it quite impossible for me to write with a pen; cramp in the calf of my right leg, as a result of which I could only walk a block or two at the most without resting. I had also lost control of my voice in a great measure, and while it caused me no inconvenience or concern, my pulse was irregular. Now, after treatment for a short time, my hand is much steadier and I daily improve, the cramp in my calf is relieved and I can walk all day without discomfort. My voice is once more under control and my pulse absolutely regular and much stronger than before. I am seventy-six years of age and feel that if your belt can work such wonders in a short time at my time of life, it should be part of the equipment of every home. If Mr. Wilshire had been in search of the Elixir of Youth when he made his discovery he might well have exclaimed, like Archimedes of old when he solved the problem of specific gravity, "Eureka."

I enclose my card and will be glad at any time to give my personal testimony to anyone who may wish to have it.

continual co-operation between the Canadian Legion and the United States Immigration Department, with separate consideration for almost every case.

It is estimated here it would require two years to secure a place on the quota for all the 4,220 British-born border residents affected.

**Local Committee of National Council Is Reorganized**

The 1926 conference of the National Council of Education is to be held on the Pacific Coast, with sessions in Victoria and Vancouver. This announcement follows the recent visit of Mayor Ney of Winnipeg, the executive secretary, and at a meeting in the Chamber of Commerce yesterday afternoon, the local committee was reorganized in order to handle the preliminary details in-

**CONFERENCE SOON ON BORDER RULES**

Washington, May 10 (Canadian Press).—A conference in Washington before the end of this week now is likely between representatives of the Canadian and United States Governments to work out the status of Canadian residents born outside the Dominion and working on the United States side of the border.

Frank B. Kellogg, Secretary of State, has not issued an official statement pending the return of Jas. J. Day, Secretary of Labor, from the West, but Hon. Vincent Massey, Canadian Minister, has cancelled a western speaking tour fixed for this week, and A. L. Joliffe, Commissioner of Immigration for Canada, is expected down from Ottawa immediately to advise the Canadian Legion on technicalities.

**POSTPONEMENT ASKED**

The Canadian Legion hopes to secure a postponement of the effective date of the new United States border regulations, now fixed for June 1. The enforcement date may be put ahead considerably while the adjustment is being made gradually on the whole border crossing situation.

The international conference probably will be a long one, requiring

## Quaker Corn Flakes

Refuse a Substitute

**AIRSHIP WRECKED**  
Leavenworth, Kansas, May 10.—  
The T.G.-10, United States army  
non-rigid dirigible, which returned to  
Fort Leavenworth, Sunday morning

after encountering a windstorm on  
its trip from Fort Sill, Okla., to San  
Antonio, Texas, was wrecked yester-  
day when it broke from its moor-  
ings at the Garrison field. No one  
was aboard.

## FOURTEEN IN QUEBEC GIVEN ACCLAMATION

Group of Liberals Unopposed  
at Provincial Nominations;  
Polling May 16

Montreal, May 10.—Fourteen Lib-  
erals were given acclamation yester-  
day in the nomination for the provin-  
cial election in the province of Quebec on May 16.

The Liberals placed a full quota of  
candidates in the eighty-five ridings.  
The Conservatives will be represented  
in sixty-seven, while Independents  
will run in nine.

Among those elected are Hon. L.  
A. Taschereau, Premier of the provin-  
ce, who sits for Montmorency;  
Hon. J. E. Perrault, Minister of Col-  
onization, Mines and Fisheries,  
Arthabaska; Hon. J. E. Caron, Min-  
ister of Agriculture, Magdalen Is-  
lands, and Hon. J. H. Dillon, Minister  
without portfolio, St. Anne's, Mon-  
treal.

Opposition was forthcoming at the  
last moment for Hon. A. G. Gauthier,  
Minister of Public Works and La-  
bor.

**FRANCOEUR ELECTED**  
The Speaker of the last Legislative

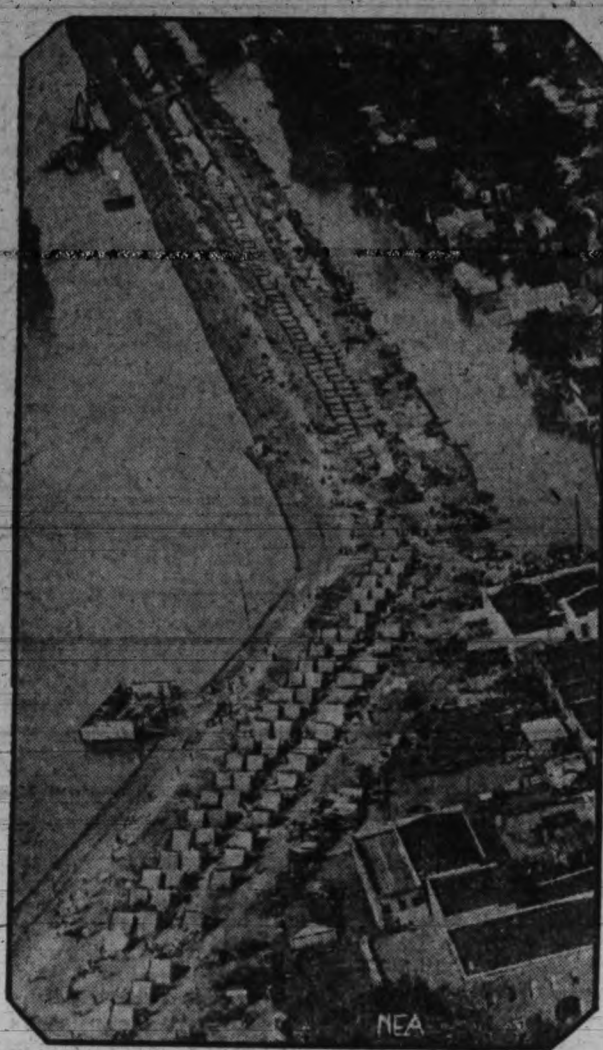

Assembly, Hon. J. N. Francoeur, was  
given election by acclamation in  
Lotbiniere. In Argenteuil, J. Danser-  
eau, the Liberal candidate, was an-  
other of the acclamations, which is  
a win for his party from the Con-  
servatives, because at dissolution  
that seat was held by J. L. St.  
Jacques, the right hand man of the  
leader of the opposition. Mr. St.  
Jacques was compelled to retire from  
the contest last week owing to pres-  
sure of business and ill-health. The  
Conservatives nominated a cousin of  
the ex-member, A. St. Jacques, but  
he retired the following day. No  
other candidate was elected.

The election of Premier Taschereau  
and his Cabinet colleagues by ac-  
clamation will pave the way for their  
appearance as speakers in various  
parts of the province. The Premier  
has a big itinerary mapped out for  
him.

Arthur Sauve, leader of the Con-  
servatives, will have opposition in his  
old constituency of Two Mountains.

An interesting development dis-  
closed by the nominations yesterday  
was the appearance of two repre-  
sentatives of the Catholic Farmers'  
Union, who are running under Con-  
servative colors. This organization  
was brought into existence largely  
through the work of J. N. Ponton  
and L. Barre. The former is run-  
ning in Richmond and the latter in  
Rouville.

Several English railroads use yellow  
lights instead of red for danger  
signals.

## Damages Are Given For Loss of Foot

Vancouver, May 10.—Claudio R.  
Davis, Consul-General for Peru, was  
awarded \$10,000 damages by a special  
jury in Mr. Justice Morrison's court  
here yesterday in a suit against the  
Dominion Bank for compensation for  
the loss of one of his feet.  
The accident occurred on June 10,  
1926, when Mr. Davis was entering an  
elevator in the Dominion Bank Build-  
ing. He contended the elevator  
started upward so suddenly that he  
was thrown to the floor and that  
his foot caught between the floor  
of the car and the top of the door-  
way.  
There was controversy as to whether  
Mr. Davis jumped into the car  
after it was starting and as to whether  
the operator should have closed  
the inside door before the car  
started.

**PETROLEUM PAYMENTS**  
Los Angeles, May 10.—The Pan-  
American Petroleum Company and the  
Pan-American Petroleum and  
Transport Company were ordered in  
federal court here yesterday to pay  
the Government interest upon the  
value of all petroleum produced, ex-  
tracted from Naval Reserve No. 2,  
which recently was ordered returned  
to the Government.

**AUTO FATALITY**  
North Bay, Ont., May 10.—Joseph  
de Gros Villierin, fifty, was killed and  
Julie Piche, Miss St. Louis and R.  
Mayer were injured last night when a  
C.P.R. light engine here struck the  
rear of their automobile. None of the  
injured is in a serious condition.

**SUNDAY TENNIS CHARGE**  
Toronto, May 10.—Eight young  
men will appear in police court here  
shortly on charges of playing tennis  
on Sunday. This is the first time a  
charge of this nature has been laid  
in Toronto and it is probable a test  
case will result. Several tennis clubs  
in the city allow members to play on  
Sunday, while others forbid it.

**RAIN IN ONTARIO**  
Toronto, May 10.—Rain which fell  
yesterday will, it is estimated, be  
worth \$1,000,000 to farmers and fruit  
growers in Central Ontario. In the  
Niagara Peninsula, a warm rain was  
being anxiously awaited by fruit  
growers whose trees badly needed the  
showers.

## CORNS

Lift Off—No Pain!

Doesn't hurt one bit! Drop a little  
"Freezone" on an aching corn, in-  
stantly that corn stops hurting, then  
shortly you lift it right off with  
fingers.  
Your druggist sells a tiny bottle of  
"Freezone" for a few cents, suffi-  
cient to remove every hard corn, soft  
corn, or corn between the toes, and  
the foot calluses, without soreness or  
irritation.

## ESTIMATE MADE OF CANADA'S POPULATION

9,389,300 at June 1 Last,  
Says Dominion Bureau of  
Statistics

Ottawa, May 10.—Canada's popu-  
lation is estimated by the Bureau of  
Statistics at 9,389,300. This is 600,517  
more than the actual census popula-  
tion taken on June 1, 1921. The pre-  
sent estimate is of the population as  
at June 1 last.

For the different provinces, the  
present estimate compares with the  
census of 1921 as follows:

Province	Estimate	Census
Prince Edward Island	87,000	82,615
Nova Scotia	540,000	523,837
New Brunswick	467,200	387,876
Quebec	2,561,800	2,361,189
Ontario	3,143,600	2,923,662
Manitoba	639,500	616,118
Saskatchewan	631,000	512,510
Alberta	607,000	582,454
British Columbia	568,400	524,582
Yukon	3,450	4,157
Northwest Territories	8,650	7,988
Total	9,389,300	8,788,483

The figures for the prairie provin-  
ces are actual census figures. The  
1926 figures for the other provinces  
are estimates.

## Prince Rupert is Soon to Have Use of New Highway

Prince Rupert, May 10.—Road con-  
struction from Prince Rupert to  
Galloway Rapids, a distance of ten  
miles, will be completed this year.  
Hon. T. D. Pattullo told a representa-  
tive meeting here last night.  
He also stated a road survey from  
Galloway to Terrace would be run  
this summer.  
Mr. Pattullo is to leave for the  
south to-night.

## DUKE OF LEEDS DIED IN LONDON

London, May 10.—The Duke of  
Leeds died in London to-day. He  
was Treasurer of the Royal House-  
hold, 1895-96, and served for a time  
as a lieutenant in the York Hussars.  
He was born in 1862 and married  
Lady Katherine Lambton, daughter  
of the second Earl of Durham.

## M. J. HOGAN DIED AT PORT COLBORNE

Port Colborne, Ont., May 10.—M. J.  
Hogan, millionaire contractor, widely  
known in Eastern Canada, died at  
his home here yesterday in his  
seventy-eighth year. His death was  
due to heart disease, from which he  
has been suffering for some months.

## WALTER W. SHAW BRITISH M.P., DIED

Trowbridge, Eng., May 10.—Cap-  
tain Walter William Shaw, Conserva-  
tive M.P. for Westbury Division  
of Wiltshire since 1924, died yester-  
day, aged fifty-nine.

## INSANITY RULING

Toronto, May 10.—Fong Wong, a  
local Chinese who fatally stabbed an  
eleven-year-old girl here on March  
30 after wounding several bystanders  
with a butcher knife, was found to  
be insane by a jury before Mr. Jus-  
tice Master in the assize court yester-  
day. As a result Wong will not  
face trial on a murder charge, but  
will be sent to the Ontario Hospital  
for the Insane.

## HARRISON LAKE ROAD SURFACING WORK PLANNED

Vancouver, May 10.—Hon. W. H.  
Sutherland, Minister of Public Works  
of British Columbia, and Patrick  
Phillip, his Deputy Minister, spent  
Monday in Vancouver attending to  
various business matters connected  
with this year's departmental under-  
takings. While here the Minister  
was interviewed by John McRae,  
Reeve of Kent, and agreed to pro-  
ceed at once with the asphaltic treat-  
ment of the much traveled road be-  
tween Agassiz Station and Harrison  
Lake. This is a secondary highway  
and the Minister stated the cost  
would be borne on a fifty-fifty  
basis between the Government and  
the municipality.

# WAITING FOR NEWS OF NUNGESSER

UNTIL MORE IS KNOWN ABOUT THE fate of Captain Nungesser and his navigator very little can be said about their attempt to fly from Paris to New York without a stop. As the hours go by hopes for their safety naturally dwindle. There always is the possibility, of course, that a tramp steamer without wireless may have picked them up. That was the reason why Harry Hawker was out of touch with the world for so many days after he came down on the waves of the Atlantic a few years ago.

Should this be the end of the gallant Captain Nungesser and his companion, we shall expect to be told by the sceptics that crossing the Atlantic in a heavier-than-air machine never will be anything but a sporting achievement, without any real economic value in a transportation sense. Skilled aviators will smile at these doubts. It is less than a quarter of a century since the Wright Brothers flew their first machine for a few minutes and the event thrilled the world. Blériot's first flight across the English Channel in an aeroplane was hailed as a masterpiece; Hon. C. S. Rolls' round trip without a stop soon afterwards was a signal for still greater jubilation.

These feats were performed in frail craft which had accommodation enough for only one man. The sceptics shook their heads. A new sport, said they, but of no real value. Came the war—only six years after the first Channel flight—and necessity forced the pace in aeronautical research. What progress was made with the heavier-than-air machine in those fateful days, what an important factor the aeroplane was, is a matter of history. What has happened since? Aeroplanes, fitted with all the comforts of a Pullman car, with sleeping berths, comfortable armchair seats, with a carrying capacity of twenty-two passengers and their baggage, now fly between the various European capitals with the regularity of steamer and railway train, and with, proportionately, much less freedom from accident.

Therefore, in the light of the marvellous progress which has been made in such a comparatively short time, he would be bold indeed who would poo-poo the idea of a heavier-than-air machine ever furnishing a safe means of transportation for the trans-Atlantic trip. Meanwhile, however, the world owes a great debt of gratitude to those who are pioneering. Every successful effort adds to the sum of aeronautical knowledge. It is the charting of an uncharted course upon which these men are engaged.

# AUSTRALIA'S NEW CAPITAL

WITH THE TURNING OF A KEY BY the Duke of York yesterday the Commonwealth of Australia formally inaugurated Canberra as its new capital. Many distinguished people from various parts of the Empire and a number of foreign notables attended the impressive and unique ceremony. Canada's representative was Hon. Ernest Lapointe.

More than a quarter of a century ago the city of Melbourne was selected as the temporary capital of the newly-created Commonwealth. But it was not long before trouble began to brew; Sydney's nose went out of joint at the prospect of Melbourne becoming a permanent capital. Jealousy between these two cities developed to such a point that within less than ten years after the Commonwealth came into being a compromise was found necessary, so a site 200 miles from Sydney and 400 miles from Melbourne was chosen and called Canberra. Until construction commenced on the first unit of the great structure which will house the machinery of government for the Commonwealth nothing but scrub met the eye. It already has been described as a capital in a wilderness. But the scene will change with a rapidity which ought to give Canberra the title of champion mushroom town of the world. The civil service and the families of civil servants alone should give the new capital a population of something like fifty thousand. To this number must be added those engaged in business affairs. Industrial activities also will follow the growth of population. So that before many years have rolled by the city of Canberra will be able to count its population with six figures and all traces of what are now uninviting surroundings, in which the government building rests in striking contrast, will have disappeared.

Most capitals are ready-made in the sense that there is an established community available as the nucleus for the more important role to be played. But jealousy prompted the plans for Canberra and compromise has built it. It will stand as a witness to the courageous manner in which the Commonwealth dealt with the claims of two rivals and carried out its project in the face of continual ridicule. Thus is Canberra unique.

Who knows but that this innovation will not mark

a new era of development for the whole country? It at least is the addition of one brand new city, and its growth will be watched with interest in this and other parts of the world.

# A BISHOP'S OPTIMISM

AFTER MAKING A TOUR ROUND THE world the Bishop of London has reached home convinced that there are no indications that either the British or the American peoples are going to the dogs. "At no time in the history of the world," he says, "have people been so discouraged by doubt and swayed by unbelief, yet Nature has taught me that the morals of the world are not as bad as they are painted." His Lordship declares that "Christianity has not failed, despite the suffering of mankind during the war, or the disappointment and bitterness engendered afterward."

Those who met Dr. Ingram when he was in Victoria must have been impressed by his kindness and his obvious understanding of human nature in most of its moods. Nobody could imagine him despairing of his fellow-men or of becoming a victim of the habit of some people of decrying everything which differs in any way from the Victorian era. Modern education, of course, is responsible for much of the change in the personal outlook; it has expanded the sum of human knowledge and broadened the activities of the human mind.

Christianity has not failed. As The Brooklyn Eagle pointed out recently, when it discussed the answers to questionnaires on the general subject of religion, and its appeal to the student body of the United States, "traditional religion is still so strong in America that nobody can afford to assail it save in the respectful-spirit of the seeker after truth." Youth is able to think now as it could not think fifty years ago. That capacity is humanity's bulwark because it assures an appreciation and understanding of values. Dr. Ingram's optimism, incidentally, is a tonic for the jaded and the doubting. It is much better than the gloom of Dean Inge.

# THE LATE COLONEL PETERS

IN THE PASSING OF COLONEL JAMES Peters, whose funeral took place yesterday, this community has lost a fine citizen and sportsman who had made a host of friends during the course of his long residence here. He will be missed particularly by those who remember him as officer commanding this military district. In that capacity he was an able organizer and a strict disciplinarian; but his genial disposition at all times made him extremely popular with all with whom he came into contact.

The late Colonel Peters saw life through other eyes besides those of a military officer. He took a keen interest in public affairs and was seldom at a loss for suggestions in any matter pertaining to the general advancement of the community in which he lived. Up till a year or so ago he was able to enjoy a few rounds of golf every week and engage in other outdoor pursuits with as much enthusiasm as many a younger man. The Times expresses its sincere sympathy with his family in their bereavement.

# Queer Quirks of Nature

By ARTHUR N. PACK

Of the origin of some very common things the average person knows very little. To a great many city dwellers witch-hazel is just something that comes from the drug store in a bottle or that a barber sometimes sops on one's face. The witch-hazel, under ordinary conditions, grows to be a shrub from six to twelve feet high, but has been known to attain a height of twenty feet. Witch-hazel, or to use its scientific name, hamamelis virginiana, is found from Nova Scotia to Minnesota, and southward to Florida and Texas. The flowers appear in October and November, often after the shrub is entirely bare of leaves, and dressed in its gay little streamers of yellow the shrub brightens the Autumn woods.

Like maple sugar, succotash and many other things which we prize highly, the Indians taught the white man the use to which the fresh leaves and twigs of this shrub could be put and the healing qualities and its extract for cuts and bruises and chapped and sunburned skin.

Superstitious people at one time placed much confidence in the use of divining rods made from the forked twigs of the witch-hazel for locating water and also precious metals.

One queer quirk about witch-hazel is the manner in which it shoots its seeds upon the bursting of the seeds pod, these seeds being expelled with such force as to fly from five to twenty feet away. It takes an entire year for these seeds to develop from flower to maturity.

# THOUGHTS

What therefore God hath joined together, let not man put asunder.—Matthew xix, 6.  
The divorced were never truly married.—J. L. Baaford.

O death, where is thy sting? O grave, where is thy victory?—I. Corinthians xv, 55.  
All that live must die, passing through nature to eternity.—Shakespeare.

# SEEING STARS IN DAYLIGHT

An Australian mining prospector, now in this country, has some wonderful tales to tell of the acuteness of the senses of the native races. It was noted in the war that an English country laborer could detect an aeroplane many miles further off than the townsman or clerk; but he is myopic compared with the Australian natives. There is no question that they can see the stars quite distinctly in clear daylight, and guide their long migrations by their aid. Good sight is a marked quality in the white population of Australia, but the blacks, living always on those immense plains in that clear air, as a nation, though in physique they are not an exceptionally well-developed race. They cannot, for example, compare with the Zulu or Maori in build. The particular tribe in question dwell towards the north of that marvellous country above the Horse Shoe Hill of iron in Western Australia, a country that some day will be one of the richest in the world, though then it may be hardly a native will be left to mark the change. The tribes diminish steadily, as in Canada.

# Do You Mean What You Say?

"LEAVE NO STONE UNTURNED"

"LEAVE NO STONE UNTURNED"

There was a time when cobblestones formed most of the hard-surfaced roads of the old countries where the phrase "leave no stone unturned" originated. If any small object of value were lost in the street it would be a difficult matter to find it again. Pieces of coin which slipped down between the cobbles were practically never recovered. Hence when we anything we prize dearly and search tirelessly for it "until it is again brought to light" we say, "we will leave no stone unturned" until the object is found. Or perhaps it is a piece of information leading to the conviction or acquittal of an accused man, or to the uncovering of graft or dishonesty and the same phrase is applied.

# Canadian Questions and Answers

THE MARITIME COMMISSION

Q.—What is the Maritime Commission?  
A.—A Government commission has been examining into "Maritime Grievances," and it is said it will recommend existing Federal subsidies to the Maritime Provinces to be increased; the ocean ports of Halifax and St. John to be nationalized; railway goods rates between the Maritime Provinces and Upper Canada to be reduced twenty per cent; restoration of steel boundaries; assistance to Atlantic fisheries by negotiations between Ottawa and Washington for more favorable entry into New England markets; other tariff matters to be referred to the Tariff Advisory Board; encouragement to coke foundries with Federal assistance, and absorption by the C.N.R. ways of the Valley Railway system of N.B.

# The WEATHER

# JOTS FROM GEOGRAPHY

THE JUNGFRAU, in the Bernese Alps of Switzerland, is the loftiest calcareous, or chalk, mountain in Europe and one of the most magnificent in the Alps. It is located twelve miles south of Interlaken, a famous tourist resort. The mountain is 13,670 feet high. Jungfrau is the German for "virgin" or "maiden."

# NEWSPRINT FIRMS FORM BIG MERGER TO CONTROL SALES

Montreal, May 10 (Canadian Press).—Announcement is made here today of the organization of eleven large Canadian newspaper manufacturing companies. Up till now the output of these plants has been handled by the G. H. Mead Company, the Canadian Export Paper Company and the St. Maurice Sales Company Limited.

The new selling organization to take over the business of these three will be known as the Canadian Newspaper Company Limited, with headquarters in Montreal and a capitalization of 15,000,000 preferred stock and 10,000 common shares of no par value. The Canadian Newspaper Company will handle 5,000 tons daily output of the following companies: Laurentide Company Limited, Price Brothers & Co. Limited, Port Alfred Pulp and Paper Corporation, St. Maurice Valley Corporation, Canadian Paper Company, St. Anne Paper Company Limited, Spanish River Pulp and Paper Mills Limited, River William Paper Company Limited, Abitibi Power and Paper Company Limited, Manitoba Paper Company Limited, and Anglo-Canadian Pulp and Paper Company Limited. It is announced that the aim of the new sales company will be the broadening of the market for Canadian newspaper through the development of overseas business.

The directors will be George Chabon, Jr., Sir Herbert Holt, George H. Meadows, Alexander Smith, John H. Price, J. H. Gundy, G. H. Montague, Frank W. Clarke and W. N. Huribor.

# BODIES TAKEN FROM MINE IN VIRGINIA

Fairmont, W. Va., May 10.—The ill-fated Everettsville mine, wrecked by an explosion ten days ago, surrendered two additional bodies of the ninety-seven victims to-day. The known death list stands at seventy-two, with twenty-five miners still missing.

# Keating

Keating, May 7.—The members of the South Saanich Junior Institute Club were hostesses at the annual club dance in the Temperance Hall on Saturday evening. The affair proved one of the most enjoyable ever held by the club. The hall was most effectively decorated with streamers and huge paper flowers in the institute colors (green, white and gold). The stage being pretty with lattice-work formed with the streamers. All the latest music was rendered by Fairry's orchestra. A number of prizes were introduced during the dance programme, causing a pleasing diversion. These included spot dance, moonlight dance, tag, broom and snowball numbers. Miss Edith Bickford and Fred Michell secured the lucky snowball, thereby winning a prize, while Miss Janet Sherring and Bill Tanner were the winners in the spot dance. Refreshments were served at midnight.

The South Saanich Women's Institute entertainment in the Temperance Hall on Saturday evening with the final military five hundred tournament for the season. A large crowd was present, eleven tables of players competing for the honors. Two forts tied for first place with twenty-five flags to their credit. First prizes were finally awarded to Mrs. Syman, Miss Edith Bickford, Messrs. W. McNally and Oxley, while second prize winners were Mrs. Sutherland, Miss Nellie Syman, P. Young and E. Michell. The hostesses for the evening were Mrs. H. Lawrie, Mrs. Nimmo, Misses Iola Lawrie and Evelyn Nimmo, who served refreshment at the close of the game.

The Keating Basketball Club will hold a meeting to close the season in the Temperance Hall on Monday evening at 8 o'clock.

The Ladies' Aid of the South Saanich United Church will meet for the month of May at the home of Mrs. Hather, Central Saanich Road on Thursday afternoon, at 2.30 o'clock.

The South Saanich Junior Institute Club will hold their monthly meeting at the home of the Misses Grace and Mabel Miller, Saanich, on Saturday afternoon, May 14, at 2.30 o'clock.

# URGECORATIONS FOR MAY 24 PERIOD

Streamers, Bunting and Flags to Take Part in Dressing City For Occasion

J. S. McMillan, chairman of the May 24 decoration committee, issued a statement to-day asking for public support in decorating the city for the holiday.

"All merchants, owners and agents of public and private buildings are requested by the committee to play flags and bunting for three days, covering May 23, 24 and 25," says Mr. McMillan.

"Our appeal is made purely from the standpoint of patriotism and to commemorate a period in the history of the British Empire which shows a tremendous development along industrial, commercial, artistic and literary effort.

"Automobile owners are requested to decorate their cars. Public utilities such as the street cars could be conveniently illuminated with colored lights on the evening of May 24.

"The committee in charge have undertaken to display overhead streamers of flags and bunting throughout the principal streets of the city, but owing to the limited funds at their disposal it is requested that a voluntary effort should be made by the citizens there by making the city as bright and colorful as this important occasion demands."

The May 24 committee meets at 8 p.m. to-day at the City Council Chamber to further plans in connection with the festival.

# MRS. RUTH SNYDER IN STATE OF COLLAPSE

Ill in New York Jail; She and H. J. Gray Found Guilty of Murder

New York, May 10.—Mrs. Ruth Snyder, statuesque blonde, who with Henry Judd Gray is to be sentenced Monday to die in the electric chair for the murder of her husband, to-day was in a state of collapse.

The iron nerve that supported her through the three weeks' ordeal of the trial and which did not fail her last evening when she heard the jury's verdict, broke when she reached her cell in the county jail.

After attendants had worked over her for half an hour in the county jail, she was taken to the hospital, where two physicians were called from a hospital. Her jaws were tightly set and her fists clenched.

Consciousness was restored after an hour and then she was in a serious condition.

Dr. Rosa said her symptoms resembled epilepsy.

GRAY IS CALM

Gray maintained the stoical calm he acquired after he had told on the stand the entire story of the murder of Albert Snyder, magazine art editor, in his own home in a New York suburb.

Apparently the dapper little corset salesman had expected the verdict of first-degree murder, which would carry the mandatory death sentence, and had resigned himself to his fate. The jury, which retired at 5.29 p.m. yesterday, deliberated less than two hours before bringing in its verdict.

NO APPEAL STATEMENTS

Counsel for both deferred announcement of their intentions as regarded appeals.

Justice Townsend Scudder thanked the jurors, and they left their seats for the courtroom. A number of people were standing outside. There they were greeted by cheers and flashlights as photographers pressed around them.

The courtroom was jammed long before the verdict was announced. Before the case was given to the jury at 5.29 p.m. four women had been carried from the room in a dazed condition and doctors were asked to be permitted to pass through the doors that had been locked when Justice Scudder began his seventy-five-minute charge.

GRAY'S COUNSEL'S ARGUMENT

William Millard of Gray's counsel, pictured Gray as a man of weak character, held in psychic dominance by the woman. She even, he asserted, plotted to poison Gray after she had procured the murder of her husband.

He declared Gray was without a motive for the crime and alleged that Mrs. Snyder did the actual killing. He declared a manslaughter verdict would be sufficient punishment for Gray.

Dana Wallace, Mrs. Snyder's defender, put all the murder plot on Gray, and accused him of stealing upon her husband as he lay asleep to get Snyder's insurance, and all against Mrs. Snyder's wishes.

Gray asked for mercy, he said. Mrs. Snyder, however, asked only justice.

INSURANCE PLAN

District Attorney Richard Newcombe said both were guilty of a diabolical and brutal murder and that they should be found guilty in the first degree. Mrs. Snyder, he said, had schemed to get her husband insured for \$50,000, which would amount to \$85,000 in case he died by accident, and then Gray and she planned to murder him for that money.

# Three attempts before winning championship

The present holder of the title "amateur golf champion of Canada" made three attempts to win that honor before eventually capturing it.

The champion commenced to play golf at 8 years of age. By consistently keeping at it he won the amateur laurels.

In saving, as in sports, systematic planning wins.

St. Paul's Alter Society gave a military 500 drive and dance in the Women's Institute hall on Friday evening. Eaton's orchestra played for the dance and Rev. Father Sheehan was master of ceremonies and Mrs. Rowlands was in charge of the tea.

Wilfred Seymour won an auto rug and A. Eaton the box of candy. Several tombola prizes were given to persons sitting on lucky chairs and some of these winners were Miss Allen, Mrs. Ford, J. Brown, F. Garner, Mr. Wood, Mrs. Seymour, Miss Hamilton, Mr. Platt, Mrs. Biss, Maxwell, Major Drummond, Mr. Platt.

The Girls' Parent Guild gave a birthday party in Central Hall which proved a success. Numerous games were played followed by a dance.

Jack Freddy, who started to work at Mr. Parman's mill on Wednesday morning had only been working three quarters of an hour when he broke

his ankle. He is now a patient in the Lady Minto Hospital.

Miss Bernice Bittancourt who recently graduated at St. Joseph's Hospital in Victoria, is visiting her mother Mrs. M. Bittancourt at Ve-

suviur Bay.

Congratulations are extended to Mr. and Mrs. R. Price on the birth of a son at the Lady Minto Hospital.

## Puts new wonders in the Cook Book

For that delightful appetizing flavor which makes a dish a real success use St. Charles in place of bottled milk. It's the rich, creamy milk that makes so much difference in your cooking. St. Charles milk is doubly rich. It is pure, fresh milk from which most of the water content has been evaporated. That is why it is so creamy. Try it for soups, sauces, breads, cakes and desserts. Ask for Tall size.

FREE—St. Charles recipe book,  
beautifully illustrated.

PRICE—SEVENTY-FIVE CENTS RETURN  
Take your own time at the Gardens—the C. & C. Cars leave there every hour.

## SIR HERBERT UNIAKKE NEW LIEUTENANT OF TOWER OF LONDON

London, May 10 (Canadian Press Cable).—Lieut.-General Sir Herbert Uniakke, member of a noted Nova Scotia family of soldiers, has been appointed to the office of Lieutenant of the Tower of London. He was recently gazetted commandant of the Royal Regiment of Artillery, in the Tower of London post, Sir

Herbert succeeds Lieut.-General Sir G. D. Shute, appointed to the command of the Northern Military District of England.  
Sir Herbert is sixty-one years old, the son of Col. J. C. Uniakke, and was born in Nova Scotia. He entered the Royal Artillery when nineteen years old.

### ST. JOHN DEATH

St. John, N.B., May 10.—William B. Wallace, K.C., seventy-six, prominent for years in the practice of law, died here to-day.

While you are  
enjoying Wrigley's, you  
are getting benefit as well.

Used after meals it removes  
particles of food left between  
the teeth which otherwise would  
cause tooth decay.

Wrigley's gives you that final  
touch of refinement—a clean  
mouth.

It aids digestion,  
too.

After every meal.

## ARION CLUB SINGS FOR SOOKE FUND

Benefit Concert Given For  
Canadian Legion Branch

Sooke, May 10.—The benefit concert given by the Arion Club in aid of the club-room fund for the Sooke branch Canadian Legion, B.C.S.L., was held at Sooke Hall on Friday, May 6. A hearty welcome was given the singers. The following programme was given: "I Am So Nervous," "Bend Low, O Ducky Night," solo, George Phillips; solos, "Skyline," "Pretty Dawn," "Annie Laurie," "The Long Day Closes," solo, George Phillips; "John Peel," "Sleeping," solo, "The Little Damsel," "The Second Minuet," Eva Hart; "Chorus of Pigeons," "The Sandman," "Cossack War Song." The programme which was so thoroughly enjoyed, seemed all too short and Sooke is looking forward to the pleasure of soon welcoming the club here again.

John Murray proposed a vote of thanks, expressing the sentiments of the audience and referring to the time when first the Arion Club was started, and members he knew at that time. Refreshments were served to the visitors in the legion club-room. As they wished to see for themselves the room, for which the benefit concert was given, Mrs. Hewes, Mrs. Kitching, Mrs. J. C. Cooke, Miss Willett and Mrs. Stacey waited on the guests. After supper all returned to the hall, where a dance was in progress. Mac's orchestra, providing the music. The concert was a financial success, and the members of the legion are very grateful for the help.

The Knox Presbyterian Church branch of the Women's Missionary Society held their monthly meeting on Thursday, May 5, at the Knox hall. Reports of the Presbyterial were read. Those present were: Mrs. Lundy, Mrs. Murray, Mrs. Acreman, Mrs. Mugford, Mrs. Kohout, Mrs. R. Acreman, Mrs. Welsh, Mrs. C. Richardson and Miss Clarke.

The final game of the school basketball contest for the Bryant Cup was played at Charters Hall on Thursday evening. Sooke School met the Luxton team in a hard-fought game. Sooke coming out on the long end of the score, 17 to 11, and thus becoming the winners of Jim Bryant's Cup.

The funeral of the late Charles Beasley was at the Knox Presbyterian cemetery, where he was laid to rest on Saturday afternoon. The Rev. S. Lundy read the service at the graveside in the presence of Mr. Beasley's relatives and a few friends, a wish having been expressed that the funeral should be as private as possible. There were many floral tributes. Nephews acted as pallbearers as follows: J. Phillips, T. Milne, E. Phillips, W. Phillips, R. Acreman, R. White.

## Pender Island

Pender Island, May 10.—Miss Ethelwyn Dee arrived from Victoria last week to take up her duties as principal of the school in place of Miss Jean Small who was obliged to resign at Easter on account of ill-health.

Mr. and Mrs. C. R. Brackett are receiving congratulations on the birth of a son on May 7.

Mr. Newnham and Mr. Tom Newnham were down from Vancouver for the week-end.

A. E. Craddock spent the week-end at home, returning on Sunday to Vancouver.

Basil Phelps commenced his duties as assistant fire warden on May 1, and will be with Mr. O'Grady in this district during the season.

A most enjoyable card party and dance was arranged by Miss Hilda Logan in the Port Washington hall on Saturday evening, a large number of guests being present, some of whom came down from Vancouver on Saturday's boat. They remained at "Grosvenor House" over night and returned on the Royal on Sunday.

Rev. J. K. Unsworth, D.D., and Mrs. Unsworth returned home on Friday after a pleasant holiday in Victoria.

The local Farmers' Institute held a very successful meeting on May 2 in the Port Washington hall. There was a splendid attendance and H. G. Scott, president, occupied the chair. A brief report of the annual convention of the institute in Victoria was given by Mr. Scott, who went as delegate, after which many matters of business were discussed. It was unanimously decided to give increased support to all agricultural pursuits, including competition of any sort or displays, and thus advertise the community in every way possible. The junior members have received the little flock of day-old chicks and competition is already keen. A picnic to the Experimental Farm at Sidney was planned for some day in July.

On Friday evening a party of Jersey breeders, including members of the executive of the Jersey Club of Canada from Ontario and Quebec, paid a short visit to the Jersey herds of Grimmer Bros. and Menzies & Son. This visit was made for the purpose of stimulating interest and to increase the sale of these high-grade purebred cattle. A small number of young stock was purchased here for shipment to China.

Alterations have been completed on the Auchterlonie house and Mr. and Mrs. Lawrence Auchterlonie are moving into their home this week.

The Parent-teacher Association met at the home of Mr. and Mrs. P. G. Stebbins for their last meeting. Many matters of business were given attention, including plans for a Jubilee picnic on July 1. The next meeting will be held on May 17 at the home of Mrs. S. P. Corbett.

### LIQUOR SENTENCE

San Francisco, May 10.—Federal Judge Frank H. Rudkin rendered a decision here yesterday affirming the conviction handed down in the Oregon district court against Jacob W. Oltie, Frank M. Bates, Joseph Essex, Tex Smith and I. Silvestro on a charge of conspiring to violate the national prohibition act. The men were convicted of a charge of operating the liquor-running steamer Pescawha.

## TUBERCULOUS SECTION

The Tuberculous Section, B.E.S.L., will hold a special general meeting to-night at 8 o'clock, in the club-room, Yates and Langley, for the purpose of drafting proposals to be submitted to the board of T.B. consultants, meeting in Ottawa in June. The matter of electing a delegate to attend the forthcoming B.E.S.L. provincial convention in Vancouver during the coming month will also be discussed.

Navy League Chapter—The monthly meeting of the Navy League Chapter, I.O.D.E., will be held on Thursday at 2:45 in the Hamley Building.

## How to Tint

Any woman can do perfectly gorgeous tinting of dainty lingerie, etc., if she knows this simple rule: use real dye. A tint is a color, and true colors require a true dye. You can dilute it to any degree you like; no matter how delicate the shade, dye-tinting is always even—never weak or "washy."

Diamond dyes are used in cold water, for all tinting; unless you want the tint to be permanent, in which case you merely have the water hot. So it isn't more trouble to tint the right way—it is really less trouble. And what a difference in how the fabric looks! A whole envelope of the real dye powder is only fifteen cents at any druggist's. See what you can do with it—ask for color cards and suggestions. Or write for Color Craft, a beautiful book of tinting and dyeing hints in full color; free on request to DIAMOND DYES, Dept. N34, Windsor, Ontario.

## Local Council Gives Consideration to Many Problems

The preservation of the National Parks of Canada, against encroachment by commercial and mining interests; the bringing out of a woman candidate for the City Council and the School Board at the next municipal election; the consideration of maternity benefits, were among the subjects brought before the Local Council of Women at its meeting yesterday afternoon.

Mrs. H. W. Graves drew the attention of the members to editorial articles in Eastern papers, some advocating and others condemning proposals to utilize the water power in the national parks for commercial purposes, and to permit mining interests to prospect in these parks. Capt. Wheeler, of the National Parks Association, also brought the matter to the attention of the meeting in a letter in which he stated that vigilance must be given by the public to the safeguarding of these national playgrounds against the encroachment of commercial enterprise.

Mrs. Booth, reporting for the Local Council's endorsement table for minor operations for children, stated that over \$1,000 had been paid to the Jubilee Hospital to date. The fund was very low and it was hoped to augment it materially with a tag day on July 18.

As convener of the committee appointed to look into the question of maternity benefits, Miss Duke brought out a number of interesting queries on the subject, and it was decided to secure a copy of the resolution, with further details, from the Provincial Council which sponsored it.

At the suggestion of Miss Brown, a committee was formed to look into the matter of bringing out a woman candidate for the City Council and the School Board at the next civic election.

Rev. Dr. Handaker, of Portland, called the attention of the meeting to the Golden Rule dinner to be held on Tuesday, May 17, when C. V. Vickrey of New York, will speak on Near East relief.

Announcement was made that Mrs. Angus Galbraith had again accepted the office of treasurer of the Local Council, and that Mrs. Llewellyn will act as convener of the League of Nations committee, both being heartily welcomed.

## Plans For Child Welfare Survey in B.C. Being Made

Vancouver, May 10.—Work on the British Columbia Child Welfare Survey will be completed in the next few days, Miss Charlotte Whitton, executive secretary of the National Council on Child Welfare, stated on her arrival in Vancouver this morning.

R. E. Mills of the Toronto Children's Aid Society, director of the survey, Miss Vera Moberley and Miss O'Gorman accompanied Miss Whitton.

The four workers spent the morning in conference with Mrs. Margaret Nairn, who has been carrying on research work in Vancouver. In the course of a few days they expect to have the final plans for the survey work completely drafted.

## SOCIAL PERSONAL

### KING'S DAUGHTERS RECORD WONDERFUL YEAR OF SERVICE

Splendid Reports Presented at Annual District Meeting Yesterday; Officers Re-elected

Plans for the provincial convention to be held in Victoria on May 19 and 20, and for the opening of the new children's ward at the Order's hospital at Duncan on May 12, were among the important matters of business dealt with at the annual district meeting of the King's Daughters held in the restaurant yesterday.

Mrs. H. Hardie, district president, was in the chair and announced that the new children's ward at Duncan was to be formally opened on Hospital Day, May 12, at 2:30 p.m., and all members of the Order were invited to attend.

**SPLENDID REPORTS**  
 The annual reports presented at the meeting showed a wonderful year of service rendered not only to institutions, but also to many needy individuals, the members never losing sight of the Order's motto "In His Name."

Mrs. J. Stewart reporting for the year-end of a very busy year, many business girls availing themselves of its privilege. The income derived was \$1,810.84, practically the whole of this sum being used in maintenance of the rooms. Miss Conyers and Miss Roberts had decorated the rooms at Christmas, and the various circles supplied flowers throughout the year.

A splendid record of accomplishment was also given in the Circle reports. Miss Rita Snow presenting the Speedwell Circle annual report; Miss Morley, Victoria Circle; Mrs. R. A. Watson, Ministering Circle; Miss Kathleen Roberts, Hawthorn Circle and Mrs. E. Haynes, Ready-to-help Circle.

Mrs. Hardie in her annual district report summarized the various undertakings of the year, including the serving of tea at the Willow Fair, the annual daffodil tea at the home of Miss Agnew, all of which, together with a "rummage sale," materially augmented the funds. The usual annual service was held in January and during Lent three Bible study services had been held.

Reference was made to the presentation of a brochure describing the work of the Order and a membership pin to Lady Willington, honorary Dominion president. Mrs. Hardie also referred in terms of deep regret to the passing of Mrs. Hiscoks, a valued member, during the year.

**CIRCLES WERE BUSY**  
 The report reviewed the activities of the various circles, which included help given to the Solarium, the King's Daughters Hospital, the Jubilee Hospital, the V.O.N., Protestant Orphan's Home, Friendly Help and Salvation Army, as well as many individual cases, such as the providing of food for needy invalids, layettes for babies, clothes for children and similar welfare work.

To provide the necessary funds for such undertakings the members had earned nearly \$4,000 during the year.

**OFFICERS RE-ELECTED**  
 The election of officers resulted in the re-election of the present personnel as follows: District president, Mrs. L. H. Hardie; rest-room treasurer, Mrs. James Stewart; district secretary, Miss Kathleen Roberts; district president, Mrs. R. A. Watson and representative to King's Daughters, Mrs. H. A. S. Morley.

The next meeting will be held on Monday, May 30.

**Rummage Sale.**—The Equimait sub-division of the Victoria Women's League will hold a rummage sale on Saturday morning, May 14, at 615 Johnson Street. The ladies' committee will be in attendance on Friday afternoon from 1 o'clock until 4 to receive donations for the sale.

**School Entertainment.**—On Wednesday afternoon at Victoria West school an entertainment and tea will be given for the Home Economics Endowment Fund, from 2 to 4. All interested friends are asked to attend.

## CLUB AND NEWS

### SOCIAL

Mrs. Fitzgibbon, St. Charles Street, has as her guest for a few days, Mrs. H. E. C. Carry of Vancouver.

Mrs. C. W. Rhodes, Terrace Avenue, is visiting in Vancouver as the guest of Mrs. H. C. Adams.

Col. Reginald Chaplin left for Vancouver on Sunday afternoon while time as the guest of Major J. G. Fordham.

Mrs. Alex. McPhillips has returned to the city after visiting his uncle, Mr. L. G. McPhillips in Vancouver.

Mrs. Tom Lippman of Victoria is the guest of Dr. A. Proctor in Vancouver.

Miss Lillian Michaels returned yesterday after visiting friends in Seattle and Portland.

Mrs. D. Gordon of Cumberland is visiting in Victoria as the guest of Mr. and Mrs. Frank Sehl, Wark Street.

Miss Preece, of Walnut Street, has received word of the serious illness of her sister, Mrs. Scott, of Vancouver.

Mrs. W. F. Proctor entertained yesterday afternoon at her home on Elford Street with a few tables of bridge.

Mr. and Mrs. Welch, 143 Medina Street, have returned to their home after spending the winter months in Southern California.

Mrs. George Phillips, Esquimalt, has returned to Victoria from Chemainus, where she has been spending a few days with Mr. and Mrs. Prins.

Mr. and Mrs. Angus Campbell and Mr. and Mrs. D. E. Campbell returned to the city yesterday after spending a few days at Qualicum Beach.

Announcement is made of the marriage which took place recently in the First Baptist Church, Vancouver, of Miss N. Thomas of Lethbridge and J. S. Edwards of Royal Oak V.I. Mr. and Mrs. Edwards, after their honeymoon in the North, will make their home at Royal Oak.

Miss Mary Money, who has been summoned to attend Their Majesties' court on May 25, left Victoria in January for London, where she is the guest of her uncle and aunt, Sir George Youngblood, keeper of the Crown Jewels, and Lady Youngblood.

Mrs. M. G. Moore, St. Charles Street, who has been visiting in the United States for the last four months, returned to Victoria on Sunday. During the time Mrs. Moore visited in Southern California, in Texas and in Philadelphia and Chicago.

Mr. Joseph Austen Sayward, "Oakmeade," Rockland Avenue, announces the engagement of his only daughter, Margaret Livingstone, to Mr. Frank Forbes Wilson of Victoria, formerly of Calgary, youngest son of the late Mr. and Mrs. George Richard Wilson of Hirkhead, England. The wedding will take place early in June.

Mrs. W. H. Rowlands entertained yesterday afternoon at a benefit bridge party at her home on Phoenix Place for the funds of the Connaught Seaman's Institute. Throughout the home lilies and ferns were used in floral decoration. Among those who arranged tables were Miss Bannerman, Mrs. J. E. B. Dickson, Mrs. Emery, Mrs. Eilers, Mrs. C. Jameson and Miss K. Roberts.

In honor of Miss Inez Ker of Victoria, who is a much-feted guest in Vancouver, Miss Jean Matthews entertained yesterday afternoon at bridge and tea at her home on Connaught Drive, Vancouver. The pretty tea table was centred with Spring flowers, the same flowers being used effectively in the drawing-room. The guests included Miss Ursula Malkin, Miss Olive Bell, Miss Jean Kirk, Miss Frances Lee, Miss Ruth Neil, Miss Marion Cooke, Miss Fane Tait, Miss Helen Galbraith, Miss Mary Procter, Miss Florence Peace, Miss Helen White and Miss Margaret Haines.

**COMTESSE DECLINES INTERVIEW.**—The Countess Alexandra Dagmar Frances Marie Margrethe of Rosenborg flatly declined to be interviewed the other day at Arcadia, Calif., where her parents, the Prince and Princess Erik of Denmark, live on their estate. But she sleepily consented to pose. The princess, her mother, is holding her. She is the former Lola Booth, daughter of the Canadian lumber king.

## REFORM IN CARE OF MENTAL PATIENTS STRONGLY URGED

Lindley Crease, K.C., Tells Women of Shortcomings of Present Lunacy Legislation

The necessity of inspection and certification as a last resort and not the first, of special provision for the aged whose mental condition is the result of senile decay, and of the protection of the property of those who were mentally sick—these were some of the reforms in the treatment of the mentally diseased urged by Lindley Crease, K.C., before the Local Council of Women yesterday afternoon.

The speaker opened his subject by reviewing the measures passed in Great Britain during the last century, forty statutes showing that the public conscience was at last being awakened to the necessity of unifying the great problem of the mentally diseased. But even as recently as 1853, one of the British laws enacted at that time stipulated that those suffering from mental disorders should be kept in a locked place, and if necessary confined by chains.

**MUST REMOVE STIGMA**  
 The great desirability of a change in the mental attitude of the public towards those suffering from mental illness was emphasized by Mr. Crease, who deplored the general assumption that anyone so suffering was a lunatic. This generic term had been handed down from the days when the mentally diseased were looked upon as suffering from a Divine visitation in punishment of some sin, or were afflicted with a malignant spirit, and he regretted that the Lunacy Act and the Mental Hospitals Act should still employ the term to which so much stigma attaches.

Mr. Crease objected to the control of the property of a mentally diseased person coming within the purview of the Attorney-General, on the ground that this department's control should deal only with criminals. He also saw objection to the present method of compulsory detention and advocated the establishment of separate hospitals or departments in existing hospitals for provisional treatment of those who believed themselves to be of unsound mind or in danger of mental disorder. It should not be necessary for such patients to be certified immediately; such certification, if necessary, should come after provision.

(Continued on page 12)

The House of Gossard presents a new front-lacing corset, designed to take care of the full diaphragm. Note how it is cut above the waistline in front, sloping to a V just beneath the bust-line. Thus the waistline flesh is held in a natural position and not crowded and bulged. The long skirt of the garment adequately curves the figure.

Gossards are made of the best materials by skilled artisans—and reasonably priced for quality merchandise.

### MOOSE LODGE

At a well-attended meeting of Victoria Lodge, No. 1380, L.O.M., held May 6, a number of candidates were initiated and past dictators' jewels were presented to Dr. C. B. Mess, the retiring dictator and to J. P. Pearce, secretary for seven years, the presentations being made by Past Dictator W. D. Taylor on behalf of the lodge. It was also decided to enter a ritualistic team at the convention of the N.W. Moose

convention to be held in Olympia, June 9, 10, 11, the personnel of which is as follows: Dr. C. B. Mess, R. H. Lott, T. W. Spouse, J. E. Ellis, F. Moulton, and W. D. Taylor.

The delegates chosen to represent the lodge are: R. H. Lott, dictator; T. W. Spouse, J. E. Ellis, F. Moulton, and W. D. Taylor.

At this meeting the quarterly financial report was rendered showing an increase in membership with several thousands of dollars in the treasury with satisfactory progress in all branches.

## Put him on a JOYCYCLE

It will be the biggest thrill of his young life. Nothing like Joycycles to make boys and girls happy. They go simply wild over them. And no wonder. Joycycles are so gay, so handsome—and run so fast and so easy—and are so safe. Models and sizes from 2½ years to 10 and 12 years.

16 Models priced from \$4.50 to \$26.50.

### DIAMOND JUBILEE GRANT BY CITY

\$3,000 is Set Aside by Council For July 1 Plans

Jubilee Hospital Will Cost City Flat Rate of \$30,000 For Year

On a recommendation of the finance committee the City Council set aside \$3,000 last night as the city's contribution to the successful conduct of the Diamond Jubilee festival here. The sum of \$1,000 will be handed over to the funds of the jubilee committee at once, with Edward C. Smith, city treasurer, as treasurer of the fund.

The council ratified grants of \$150 to the school sports for prizes on May 23, and approved of the grant of \$1,000 mentioned before in the city's donation to May 24 plans. The sum of \$6,000 will be paid on account to the Victoria and Island Publicity Bureau, to finance early printing and other work, the council agreed.

The city last night ratified its pact with the Jubilee Hospital for a flat rate of \$2,500 a month for all services, on the same basis as last year. Alderman E. S. Woodward wanted assurance that this sum would represent the entire sum asked from the city for this purpose, without additional levies being sought later on. The sum of \$2,500 was set aside for the use of the 1927 court of revision on the assessment roll, to be expended at the discretion of the chairman. This is an annual allotment, and is used where needed to make special valuations on contested cases.

### CITY FLOAT

In reference to May 24 plans the city received a request for a float, the application being passed to the finance committee for report. The city will enter a float if it can do so with the materials on hand, it was stated.

A claim by Tommy Paul, Cowichan Indian, for the loss of his war canoe in the city's entertainment to Lord Willingdon was passed on by the city legal adviser's as one not binding the city in any legal sense. A moral obligation might be said to exist, thought Alderman William Marchant, and the claim will be further investigated with the help of the Indian agency.

### CONTRACTS AWARDED

Contracts for electrical supplies were awarded to the Canadian General Electric Company, \$5,162; the Northern Electric, \$2,456, and James & Hayward, \$234, for materials desired by the city lighting department. A request for an air light extension on Rockland Avenue was rejected, on the report of Alderman Litchfield, at the head of the lighting committee, that extensions would not be possible except in necessitous cases this year.

The council adopted a recommendation to list a centrifugal pump for sale at \$500, and accepted the tender of the Victoria Junk Agency for the purchase of two steam boilers, discarded, for \$75.

The Turner, Beeton Company were the sole tenders on the city's call for fireman's shirts, while a number of tenders were received for fire-hose and cast iron pipe fittings, the last named required by the engineer's department.

Cheques on tenders received by the council last night from parts as far east as Hamilton ran into several thousand dollars. All tenders were referred to the purchasing agent and department heads for report.

Alderman R. O. Litchfield, who attended in Banff when the Canadian Scottish Junior Pipe Band won merited applause for smart turnout, paid a public tribute to that aggregation. "The clean, soldierly appearance and musical performance of the band made a great impression, and one that was a real advertisement for the city," he stated. The city had donated \$75 towards the band costs on the trip, and this was money well spent, concluded Alderman Litchfield.

Asked by the B.C. Agricultural Association what provision is made for the Willow's grounds this year, the council will reply that \$5,000 has been set aside under that head.

The Victoria-Saanich north-west sewer agreement was introduced and read initially without change.

### MAJ. HONORED BY COMMEMORATION

Prominent Men of Province Lend Names to Lakes, Rivers and Peaks

The Lieutenant-Governor and three Premiers of British Columbia will have their names given to lakes and rivers of the Province to commemorate their years of service to the country, according to an announcement by the Geographic Board of Canada.

Amor de Cosmos, H. C. Brewster and J. F. McCreight will have their names perpetuated. There was a creek named after De Cosmos on the northern part of Vancouver Island, but the name of Trout Lake will be changed to Amor Lake in his honor. In the neighborhood of Amor de Cosmos Creek there is a pretty little lake now named Brewster. McCreight Lake drains into Campbell River.

Hon. T. D. Pattullo gives his name to a 9,000-foot peak overlooking Meslin Lake, in the Cassiar district, and John Flewin of Port Simpson has a point in the Taimpean Peninsula named after him.

Hon. T. W. Patterson's year's of public service as Lieutenant-Governor of B.C. are commemorated in the naming of a lake emptying into Salmon River near the island after him.

A lake draining into Campbell River is to be named after Frederick Whymper, an old explorer of the island's wild lands. Admiral de Horsey commander here in 1874-1875, gives his name to an island, and the passage between it and Smith Island in the Coast district; the late Alderman R. B. McIsaac will give his name to an island north of Borchers Island, formerly known as Elizabeth.

If you want to meet the man who wants to buy your house, want-advertise!

# AT THE THEATRES

## BRILLIANT CAST IN 'CHILDREN OF DIVORCE' AT DOMINION THEATRE

"In Children of Divorce" at the Dominion Theatre there is that ideal and seldom found combination—a great story and a super-brilliant cast, handled by an able director. "Children of Divorce" rips the veneer from the false wood of modern divorce; it bares the evil that befalls the children of parents who have the court undo what the church has done. It is entertaining, very much so, but it is also a warning to the modern divorcee. It is a story that is so provoking.

Featured in support of the stars, Clara Bow and Esther Ralston, are

### Where To Go To-night

Capitol—"The Sea Tiger."  
Dominion—"Children of Divorce."  
Coliseum—"Foxy Grandpa."  
Playhouse—"Suite Sixteen."  
Variety—"Across the Pacific."  
Columbia—"The Silent Lover."  
Crystal Garden—Swimming and dancing.

Gary Cooper and Einar Hanson. There you have your romantic—and your dramatic—story. Clara Bow and Esther Ralston give what are undoubtedly the best characterizations of their brilliant young careers.

Taken all in all, "Children of Divorce" couldn't possibly have been better than a good picture. Owen Johnson wrote the story. Remember his "Story at Yale" and "The Enemy Sex." Frank Lloyd translated it to the screen. The four leading players and a fine supporting cast carry it through and when one has Norman Trevor, Hedda Hopper, Edward Martindel and Julia Swayne Gordon in support, you have nothing less than the best that's to be obtained.

## VIOLA DANA DANCES

## IN "THE SILENT LOVER"

## AT COLUMBIA THEATRE

Viola Dana, featured as a desert dancer, with Milton Sills in "The Silent Lover" at the Columbia this week, made her debut at the tender age of five years with Thomas Jefferson's company of "Rip Van Winkle."

Like her sister, Shirley Mason, she played with Jefferson and William Faversham until she began what has turned out to be one of the most successful and varied careers in the movies.

Among her best known pictures are "Merton of the Movies," "Forty Winks" and "As a Man Desires."

## ENGLISH DANCER AT

## PLAYHOUSE HAS WON

## MANY STAGE HONORS

Ethel Stuart, who is playing the role of Betty, in "Suite Sixteen" at the Playhouse this week, is an Old Country dancer, having had considerable experience with the Hanna-way Bros. revues, the Robert Court-niege productions, and also the Ban-nister-Howard Company's where she worked with another member of the company, Jimmie Howard. Miss Stuart also played in "Bunty Pulls the Strings."

Neil Hamilton, who plays one of the leading roles in Marshall Neilan's Paramount production, "Diplomacy," now at the Playhouse, was born in Lynn, Massachusetts, and educated in that state.

He played amateur theatricals and became so interested in them that he chose acting as a profession on leaving school. Neil remained on the stage four years, during which time he played opposite Grace George in "The Ruined Lady."

## "Across the Pacific" showing all

## week at the Variety Theatre.

"Across the Pacific" is the story of a Southern boy who joins the U.S. army to help quell the Philippine insurrection, which followed the Spanish-American War. It is adaptation of the story by Charles D. Blaney. It is the third script he has written for Monte Blue.

His other scenarios for Warner Brothers are "Find Your Man," and "The Lighthouse by the Sea," starring Rin-Tin-Tin; "Broadway But-terfly," "On Thin Ice," "Eve's Lover," "Seven Sinners," "Three Weeks in Paris," "Fighting Luck," "Pontoonne Widows," "The Little Irish Girl," "Oh, What a Nurse!" and "The Bet-ter Ole," starring Syd. Chaplin in conjunction with Charles "Chuck" Reisner, and "The Limited Mail" and "Hogan's Alley" for Monte Blue.

## CANARY ISLANDS IS

## SETTING FOR STORY

## SHOWING AT CAPITOL

The vaudeville attractions at the Capitol Theatre this week include Kathryn Farrar, the cowlbird violinist, Phesay and Powell offering vaudeville eccentricities, and Nadj Rosetti Italian lyric soprano, the little girl with a big voice in a song-alogue specialty. The Capitol concert orchestra will also be in attendance every afternoon and evening.

Milton Sills' starring vehicle, "The Sea Tiger," which opened at the Capitol Theatre yesterday, is one of the best pictures Sills has made for First National for some time. "The Sea Tiger" is a story of a man who is judged by the enthusiasm of the audience.

In addition to a powerful love theme, the story contains a fine vein of humor which is a welcome addition to Sills' pictures, and Carey Wilson, who produced the film for First National and who also prepared the script, is to be congratulated on varying the star's tempo in this manner.

## CHAPLIN DENIES

## PLAGIARISM CHARGE

## Sued For \$50,000, He Says

## Comedy "Shoulder Arms" Was Original

New York, May 10.—Admitting he was nervous and characterizing the suit as "absurd," Charles Chaplin took the witness stand in federal court here yesterday and denied he had used parts of a rejected scenario in producing "Shoulder Arms," his latest war-time comedy film.

Chaplin is being sued for \$50,000 by Leo Loeb, a salesman, who charges the comedian with plagiarism in that considerable portions of a scenario entitled "The Rookie" were used in the making of "Shoulder Arms." Loeb said the scenario, "The Rookie" was rejected by the Chaplin Studios and that he saw his story later in "Shoulder Arms."

"No I did not," Chaplin replied when Nathan Burkan, his attorney, asked him if he had used Loeb's scenario or its part of it in making "Shoulder Arms."

"I never saw the scenario, nor did I know of it," he said.

## VICTORIA HOTEL

## BOUGHT BY PRIOR'S

## Premises at Northwest Corner

## of Government and John-

## son to be Remodeled

E. G. Prior & Company Limited have purchased the Victoria Hotel property, at the northwest corner of Government and Johnson Streets.

The premises will be remodeled and made suitable for the carrying on of the business of the firm. The property has a frontage of 120 feet on Government with a depth of 60 feet on Johnson. The transaction was completed by Alfred Carmichael & Company for Edith L. Higgins, the vendor.

In announcing the purchase C. P. W. Schwenger, vice president of the firm, stated that a study of modern building methods would be made to find the best plan for the remodeling of the premises for the use of the firm. The lease on the Krescent Hotel held by the firm has a considerable period to run yet, though the change-over may be made before it expires and the premises sub-leased.

Government Street will continue to be the trunk connection with points north in the city. It is believed by the directors of the firm, with the Johnson Street intersection being increased in importance through development of the industrial and residential areas in the western limits of the city.

The firm of E. G. Prior & Company has been identified with the business life of the city since 1859 when Alfred Fellows started in small premises on Yates Street. It is recalled that it was in 1858 that the business was moved to its present location at the northeast corner of Government and Johnson Streets. It was in 1876 that the late Col. E. G. Prior entered the business, retaining an active connection with the guidance of the firm for many years, until he became Lieutenant-Governor of the Province. Extensions took place at the present site until the present premises are many times larger than those occupied by the firm initially in 1859.

A wise man or woman won't use a dangerous hairdye; nor anything that gives hair the dull, dyed look that's worse than grayness. Kolor-Bak is a very different proposition! A clean, colorless liquid which gently and gradually brings the hair to the color it should be. Your hair is unharmed—doesn't even lose its lustre—and the scalp is actually benefited!

Blonde or brunette; Auburn, brown or black; no matter about the shade, for the one bottle of this clear liquid is right for everybody. Lots of people you know may use it—you can't detect it! Kolor-Bak will give you the same perfect results; that's guaranteed when you buy it.

## Kolor-Bak

Restores Gray Hair

## SEEKING NEW HOP MARKET FOR B.C.

## Agricultural Department Explores Possibilities of Ship-ment to Australia

With hop production in British Columbia increasing rapidly and promising to make the Province one of the British Empire's hop centres, the Department of Agriculture here is exploring overseas hop markets. Convinced that Australia would buy enormous quantities of British Columbia hops if it were given the opportunity to do so, the department is making efforts to overcome the barrier of the Australian tariff.

## SHIPMENTS SUCCESSFUL

Trials shipments of hops from the Fraser Valley proved highly satisfactory to Australian brewers. They found the quality of the British Columbia product high, and are eager to secure further shipments. The Australian tariff, however, is a big factor in the development of such a business and is regarded as the only obstacle to the creation of a large movement of hops grown in the valley.

Through Canadian trade commissioners in Australia, the department is ascertaining exactly what tariff the Australian authorities are prepared to charge on Canadian hops. It is believed arrangements can be made whereby the British Columbia product may be shipped to Australia at a satisfactory profit to the growers.

## PRODUCTION GROWS

Meanwhile, hop production is growing rapidly in this Province. Encouraged by their success already, T. A. Livesley & Company are increasing their hop plantation in the Yuma reclamation area from 500 to 500 acres this year. The Sumas land has proved particularly useful for producing hops as well as clover.

## FAMOUS STARS TO

## APPEAR AT ROYAL

## Sir Arthur Pinero's Immortal

## Comedy Coming May 23

Victoria theatregoers will soon see more famous stars than were ever before gathered together in any one organization when George C. Tyler sends his record-breaking revival of "Trelawny of the Wells" to the Royal Victoria Theatre, May 23.

Here is the almost unbelievable list of the stars who will be seen here in Sir Arthur Pinero's immortal comedy: John Drew, dean of the American stage; Peggy Wood, young star of both the dramatic and lyric stage; Helen Gahagan, Estelle Winwood, Mrs. Thomas Whiffen, the "grand old lady" of the theatre, who celebrated her eighty-second birthday anniversary during the recent run of "Trelawny" in New York City; Henrietta Crossman, Effie Shannon, P. Heggie, Otto Kruger, Rolfe Peters, Wilton Lackaye, John E. Kellard, Eric Dressler, Lawrence D'Orray, J. M. Kerrington and Frieda Inescort. There are other members of this big comedy but these sixteen have attained stellar honors individually and form the greatest combination of dramatic achievement ever gathered in the history of the stage.

"Trelawny of the Wells" was first produced both in London and in New York City in 1894, and revived in New York in 1911 and 1925. In England it is almost continuously on the boards. No play in all English literature lends itself as does "Trelawny" to interpretation by an "all-star" cast, and although Arthur Pinero when he wrote it thirty years ago never dreamed of such a company as Mr. Tyler has gathered, and meant but to draw a whimsical picture of life among the stage folk in the early sixties, he made his characters of such equal importance and with such happy entrance and exits as to make it impossible for the creator, however distinguished, to overshadow the role. It is indeed a play without a star part and may therefore be played with an all-star cast without marring its smoothness of movement or its delicious, rollicking humor.

There are now 109 associations of the Y.M.C.A. in Japan. Forty Japanese secretaries are doing Y.M.C.A. work in Japan, assisted by three Canadians and nine Americans who act only in an advisory capacity to the Japanese staff and board of directors.

Mr. Sneyd was born in Ontario and received his education at the University of Manitoba, and before going to Japan he was assistant secretary of the association at Edmonton. During the Great War, Mr. Sneyd was senior secretary in charge of Y.M.C.A. work for the allied troops operating in Russia. Mr. Sneyd has traveled extensively in Japan, Korea, and Manchuria, and is a keen student of Oriental affairs.

Japan, in the opinion of Mr. Sneyd had had three periods of growth. From 1854 to 1905, when Japan was growing up; from 1905 to 1915, when Japan became recognized as a leader of the Orient; and from 1915 on when Japan became a world power. Mr. Sneyd mentioned three things which he thought were responsible for the rapid development of Japan. These were education, the press, and commerce. Of all the children of Japan between the ages of six and fourteen, 99.12 per cent were in the public schools of Japan.

Every Japanese teacher had had at least one year of experience in colleges and universities of America. Speaking of the press, Mr. Sneyd said there were more than one thousand dailies in Japan and that most of them measured up in every way to the daily newspapers of this continent.

Telling of commerce, Mr. Sneyd pointed out the wonderful trade conditions existing between Japan and the North American continent.

## School of Expression Held Demonstration

The Victoria School of Expression gave one of the last recitals of the season in Harmony Hall Saturday evening. The hall was filled to capacity and the audience was delighted with the original program presented. The whole entertainment was organized by young students of the school. The chairman, Garth Griffiths, proposed a hearty vote of thanks to the principal, Mrs. Wilfrid Ord.

The only part taken in the evening's programme by Mrs. Ord was an interesting one, consisting of presentation to the audience of scholarship winners of the last year. These are: Catherine Craig, two medals and one certificate; Garth Griffiths, one medal and one honors certificate; Evelyn Valliant, one medal and one honors certificate; Mollie Graham, one medal and one honors certificate. 84 per cent in Trinity College London examination; Dorothy Birt, Betty Davies and Mary Davies, honors certificate; Trinity College, London. All have been awarded valuable scholarships in the Victoria School of Expression, in addition to their other honors.

Others taking part in the programme were: Arabella Hayne, Celia Lewis, Patty May, Betty Sledge, Aline Fairweather, Lucy Shaw, Margaret Griffiths, Evelyn Baylis, Jean Craig, Betty Stoddart, Lucille MacKay, Mary Irving, Dorothy Bird, Nancy Craig, Dorothy Watson, Isabel Thompson, Dorothy Bishop, Henry Worthington, Jack Moloney, Miss Ruth Hayman, Miss Florence McGibbon, Mr. William Munro and Capt. Ord. The school choir also sang two part-songs.

The performance was repeated last night.

## LANTERN SLIDES OF CITY SCENES SHOWN

## Dean Quantan Shows Photographs of Interesting Events of Victoria During 1926

A pictorial history of Victoria displayed by 150 lantern slides, was given last evening at the Memorial Hall by Dean Quantan.

Prepared by Howard Chapman from photographs, many of these slides were shown for the first time in the city. Before the showing the audience joined in the singing of "O Canada," the words of which were thrown on the screen, each slide being a beautifully tinted photograph of Canadian cities from Montreal to Vancouver. There was a large attendance and the proceeds of the evening go to defray expenses of the Memorial Hall.

Among the slides shown were the following: the arrival of His Honor the Lieutenant-Governor in Victoria, the visits of Lord and Lady Allenby and Lord and Lady Bynoe, drydock activities at Yarrow, I.O.D.E. service at the Parliament Buildings, the Victoria Day parade and a number of special floats, H.M.S. Curlew and the reception given at the dockyard by Mr. and Mrs. George Phillips for Captain Bridges, the laying of the cornerstone of the new Christ Church Cathedral, the opening of the Solarium, and eleven slides of the cableship Dominion.

Between seven and eight hundred thousand men and women are attending colleges and universities in the United States to-day.

MRS. L. SCHOOLEY

London, Ont.—"Ever since I saw the great benefit my daughter received from Dr. Pierce's Favorite Prescription during her second expectant period; I have never neglected the opportunity to recommend it to every prospective mother. I was with my daughter when she was miserable and sick. Through my advice she took Dr. Pierce's Favorite Prescription, and from the very beginning she gained in health and strength, was able to be up, and attended to her household duties right up to the last. She had comparatively no suffering—the least I ever witnessed. My only regret has been that I did not know of this wonderful medicine while bringing up my own family."—Mrs. Louisa Schooley, 505 Hill Street.

## NEWS IN BRIEF

A new name has been added to the list of legal firms in Victoria, Nugent W. Spinks, formerly with, Alex. Martin having opened an office in the Pemberton Building.

In a letter from Mayor Baker of Portland, Victorians are invited to attend the annual Rose Carnival in that city, commencing on June 13. The invitation was conveyed through the Mayor and council last night.

Saatchi fox breeders are invited by Reeve Crouch to a meeting to be held at the Royal Oak council chamber on Wednesday afternoon at 2.30 o'clock, to discuss the proposed fox farm on the island.

An automobile, license number 921, belonging to Jordan Guy, 1847 Hampshire Road, has been missing since Saturday night when it was stolen from outside the Columbia Theatre, Government Street. Police are searching for the car.

The firm of E. G. Prior and Company Limited were granted permission to erect a loading platform on Pembroke Street by the city council last night, subject to the approval of the city solicitor. The structure would be of corrugated iron and heavy woodwork, for the handling of pipes and heavy fittings.

A letter from the district officer commanding military district No. 11, congratulating the chief of police and firemen of the Esquimalt force was read at the meeting of the police commission last night. The commission referred to the excellent work of the men at the fire at Work Point Barracks on April 30.

Ward Three Liberal Association will meet at 8 o'clock to-night in the Liberal Headquarters, corner Government and Broughton Streets. After the general meeting cards and five hundred will be played. Ward Four Liberal Association will hold its monthly meeting at Liberal Headquarters on Thursday, May 12, commencing at 8 p.m.

At the meeting of the Esquimalt Police Commission last night the report of the chief of police for the month of April was received. It contained record of two suicides, ten police court prosecutions, \$30 collected in fines, \$17 collected from the dog tax, \$2.45 collected in postage fees, the issuance of sixty-seven fire permits and eighty complaints received.

Firemen were called out to a fire which broke out in a cupboard at the Beverly Rooms, Yates Street, at about 4 o'clock this morning. Tenants of the building gathered up their belongings while firemen worked in the building. Deputy Chief Munro said that the system of alarm bells in the place was excellent and that it brought every sleeper to wakefulness when the alarm was sounded.

When he tried to avoid driving his automobile into collision at the corner of Bay Street and Fernwood Road Saturday night, H. Stafford hit a telephone pole and brought the light down on his head as he lay on the road. F. Collier, driver of the car which was about to come into Fernwood Road and which the injured man was afraid of striking, had managed to get his automobile well out of the way before the mishap occurred.

## SAATCHI BY-LAW DRAWS CRITICISM

Ultra Vires Counsel Argues in Injunction Application

Stage Driver Losing License Takes Legal Action

Saatchi by-law governing motor licenses is ultra vires because it does not conform to the statute on motor vehicle licenses, John R. Green argued in Supreme Court Chambers this morning in applying for an injunction to prevent the cancellation of the stage license of L. N. Moxley as ordered by resolution passed by the Saatchi Municipal Council.

In the first instance, he argued, the council was wrong in cancelling the license by resolution instead of by-law. Quoting the Saatchi by-law Mr. Green argued that the council had added to the clause "council may cancel licenses," the words "at any time." This he claimed the council had no right to do. It was, he submitted, unfair, and against the natural law of the country. "I might," he said, "invest in an expensive stage and assume heavy obligations to find his license suddenly cancelled. He also protested that Moxley had not been given notice to be present at the hearing when the subject of his license was discussed.

R. B. Heisterman for Saatchi Municipal Council replied that Moxley was operating in the passenger service in Saatchi a different car from the one which he was originally issued a license for. The substituted car, he said, did not meet the requirements called for. He quoted authorities to support his submission that the council acted within its rights. The license has been cancelled since May 19, the writ to restrain Saatchi from cancelling it was issued May 23. Mr. Green said his client had received no written notice up to that time.

An injunction would be ineffective, said Mr. Justice Murphy as the license had been already taken away. Mr. Green suggested the application could be changed so that Moxley could operate his stage without interference. His Lordship took the application under consideration.

## JUDGE GUEST OF KIWANIS

Hon. Mr. Justice M. A. Macdonald Addresses Kiwanis Club

Development of Sane Public Opinion Subject of Brilliant Speech

Hon. Mr. Justice M. A. Macdonald of the B. C. Court of Appeal was the guest of honor at today's luncheon of the Kiwanis Club at the Chamber of Commerce. Speaking on development of a sane, moral public opinion, His Lordship showed the bearing this has on the progress of civilization, the elimination of strife between nations and the necessity of the League of Nations being recognized by all peoples.

Admitting that discussion of public opinion appears at first sight to be academic, he declared this matter to have an important place in the affairs of men.

Members of the Kiwanis Club are not primarily concerned with promotion of the objects of the club, he suggested, their real objective being development of a healthy, progressive public opinion.

His Lordship suggested that in these days of unrest, when the minds of men and women are somewhat in flux, and the great need is sanity in thinking, and the promotion of national development and international goodwill, to be promoted by creation, within the nation, of a sane public opinion.

This subtle force is to be created by intercourse of minds in conversation, hence the need of care in speech. It is formed by the press and the pulpit.

Law also has its part, with its story of precedent following precedent, resulting in creation of a public opinion which all must observe. This is all a part in the formation of a sound public opinion.

Mr. Justice Macdonald likened the development of sane public opinion to the accepted theory of the creation of the solar system. All else save sane public opinion was termed public clamor. If the failures of public policies were scanned closely they would be found due to the surrender of leaders to public clamor.

Surveying the conditions which led to the Great War, His Lordship considered this traceable to the fact that public opinion in one corner of Europe, Germany, was not sound. The result showed how dangerous it is to pollute the wells of public opinion and that, when safe courses are diverted, peoples are led into the mire.

Search of the records of the past showed that when men follow leaders blindly, dissensions develop; when they follow principles, progress results.

While local authority has police power behind it, international law has no such authority to support its rulings. Moral opinion of mankind is a power. Society to-day is one great organism, and war, famine and pestilence take no cognizance of international boundaries. If war is yet to settle disputes between peoples, it will bring ruin to civilization. He recalled the days when men refused to submit personal quarrels of honor to the courts. Public opinion abolished the duels.

Mr. Justice Macdonald considered the modern view of non-interference in the internal matters of a nation does not prohibit discussion of the attitude of the United States towards the League of Nations. Principles do not change, but policies are subject to revision to suit changed conditions. He pointed out that the wars have destroyed ancient civilizations and this result, with weapons much less powerful than those of to-day, justify questioning if our civilization could withstand another war. Many of the departed civilizations, he said, and in some respects excellent that of to-day, he recalled, and viewing departed civilizations people of to-day should feel so confident of the strength of our civilization to withstand the stresses of war.

War, the vampire of the human race, intervened to stay steady progress throughout the ages. As an instance the speaker drew a striking parallel between the late war and the Peloponnesian war between Athens and Sparta, wherein the former was ruined and Sparta survived with mortal wounds.

His Lordship was confident that all the nations will grapple with the problem, pull down the altars to Mars and create a civilization where all may live without making obligation to the god of war.

## IS NAMED PRINCIPAL

Professor P. H. Elliott, M.Sc.

who was selected as a successor to Dr. E. B. Paul as principal of Victoria College, by the City School Board last night.

Professor Percy H. Elliott, identified with the faculty of Victoria College and the University of British Columbia since 1908, was chosen as successor to Dr. E. B. Paul in the principalship of Victoria College, by the City School Board yesterday afternoon. The choice was unanimous. The board went into session at 4 p.m., reaching a decision on the filling of the vacancy after a brief deliberation. The appointment was subject to the formal ratification by the Department of Education and the University of British Columbia.

Professor Elliott received his degree of M.Sc. at McGill University in 1908, and has taken post graduate courses at McGill and at the University of Chicago. He was an instructor in physics and chemistry at Victoria College since the earliest days of its inception, serving in that capacity until 1916, when he was transferred to the physics department at the University of British Columbia.

Professor Elliott was again appointed to the post of professor of physics and chemistry at the University of British Columbia, a post he held for four years. When Victoria College was reorganized in 1920 Professor Elliott was again appointed to the post of professor of physics and chemistry.

As an original member of the faculty of Victoria College, Professor Elliott is widely known and generally popular with a very wide circle of friends in this city. News of his appointment was received in the city to-day with every satisfaction.

## Y.M.C.A. TAG DAY PLANNED FOR JUNE

Ladies' Committee Ask For Volunteers to Help June 4

The Ladies' auxiliary of the Y.M.C.A. will hold a tag day on Saturday, June 4. As this is their first of the kind there is necessarily much pioneer work to be done, and any volunteer assistance will be greatly appreciated by the committee. It is not necessary to remind citizens of the great services performed by the Y.M.C.A. not only for the underprivileged boys, but also in many forms of community service. Those conversant with the work of the Y and its past history, will also know the great need of funds to maintain a modern and well equipped and furnishings up to the desired standard.

The committee want the local Y.M.C.A. to be a public institution maintained in substantial liberal fashion that visitors can be shown through the building with justifiable pride.

Letter have been sent out to the various organizations. Several of the contained envelopes have been returned without contents. If therefore, any of the societies who have kindly offered assistance have not heard from the committee, Mrs. D. L. MacLaurin, it is possible their communication have been lost in the mail, and they are asked to telephone to Mrs. H. R.

Mrs. MacLaurin will also be glad if sympathizers and friends willing to help in any capacity will phone her at the same number.

## JUBILEE GROUP SELECTS QUARTERS

Executive to Meet at 1107 Government Street Wednesday at 8 p.m.

The executive of the Diamond Jubilee Committee will meet at 1107 Government Street, in the Five Sisters Block, Wednesday at 8 p.m., to make further arrangements in connection with July 1 plans, and to hear committee reports.

The premises, formerly occupied by McGowan's store, have been selected by Reginald Hayward, M.P.P., and W. T. Smith, chairman and vice-chairman of the committee respectively, who were authorized to secure a permanent home for the committee for the work involved between now and the date of the celebration.

The programme committee met last night and made progress on a rough draft of its plans. The appointment of a manager to take charge of the work once a plan is struck will be decided upon at the Wednesday meeting. Mr. Hayward will preside.

The funeral of Mrs. Alice Ann Sackrider, who passed away at her family residence, 1347 Pembroke Street, Sunday morning, will take place to-morrow afternoon. Funeral service will be held at the Thomson Funeral Home, 1625 Quadra Street, at 2.30 o'clock, when the Rev. James Hood and the Rev. W. C. Frank will officiate. The late Mrs. Sackrider leaves a husband, one son, six grandchildren, also two sisters in law, and a large number of friends.

The remains will be laid to rest in the family lot at Ross Bay Cemetery.

Charles Eaket, aged sixty-five years, of 2823 Colquhoun Avenue, Saatchi, passed away Monday afternoon after a lingering illness. He was born in Jamestown, Ontario, and

## PROMISSORY NOTE SUBJECT OF ACTION

Counsel Argues Against Collection Under Statute of Limitations

Under the Statute of Limitations, the Royal Bank of Canada was out of court in its action against the estate of J. M. Savage, late manager of the Canadian Collieries, as one of a party of four men signing a promissory note dated November 22, 1915, \$125,000, with interest at seven per cent payable to the order of the Northern Crown Bank of Winnipeg, H. A. Maclean, K.C., argued before Mr. Justice Murphy in Supreme Court Chambers this morning.

Lindley Crease, K.C., made application for speedy judgment against the estate of Mr. Savage for the portion of the promissory note for which it was claimed he had made himself responsible.

Separate settlement was effected in the case of the executor of the estate of Sir Douglas Cameron, J. E. McGavin, and W. Moran, who also signed the note.

Protesting against a speedy judgment which would prevent the case coming to court, Mr. Maclean said the action was not begun until February 16, 1927. Rights expired under the Statute of Limitations in 1922, unless it could be shown that there was a renewal. No payment was made by Mr. Savage. Payment by one party signing the note did not prevent the statute running in the case of others. When a debt was barred out by a statute an acknowledgment was a new cause of action, submitted Mr. Maclean. Regarding an agreement, dated November 4, 1922, to pay the bank \$125,000, Mr. Maclean argued that this was an agreement to pay the bank the sum stated, not to pay the note. This sum could not be reached by any method of computing interest at seven per cent, the sum named in the note, said counsel, quoting another point on which he claimed the case should go before the court.

His Lordship ruled that the case should go to trial.

## PREPARE FOR PEACE RIVER INQUIRY NOW

Premier Turns Case Over to Manson For Presentation at End of May

Arrangements are being made here now for the opening of the Royal Commission on the future of the Peace River block at the end of this month. Mr. Justice Martin of the Saskatchewan Supreme Court will commence his investigation then into the claim of this Province for the return of the Northern area to Provincial control.

So that this hearing may not be delayed unduly, Premier Oliver left all data on the subject with Attorney-General Manson before he started on his Southern holiday trip yesterday. Mr. Manson is preparing to present British Columbia's case when the commission opens.

It is possible, however, that the Premier will be back by the time the inquiry gets under way as no final date of opening has been fixed. Under these circumstances the Premier and Mr. Manson would present the Province's arguments together.

## TRAVELERS

Honeymooning at the Empress Hotel to-day are George E. Polley of Beverly Hills, Cal., and his bride.

Among the members of the Canada Life's \$125,000 Club meeting in Victoria this week, are H. J. Denny of Portland, Ore.; W. S. Saunders of Seattle; C. H. Orr of Red Deer, G. Herbert of Calgary, George Lomas of Lethbridge, C. A. McDermott of Dordland, L. Hurry of Edmonton, A. Horton of Saskatoon, T. Hunter of Camrose, F. T. Stanford, R. F. Fife, Dr. S. J. Straight and R. G. McDonald of Toronto, F. W. Cunningham, H. W. Leslie, O. A. Maybee and B. Margolis of Vancouver.

Dr. and Mrs. George S. Seiden are over from Vancouver and are staying at the Empress Hotel.

A Portland party which arrived at the Empress Hotel yesterday on a short stay, includes Dr. and Mrs. George S. Seiden and Mr. and Mrs. H. S. Frank.

Mrs. H. Mabel Blake and Mrs. F. E. Trubury, both of Hampton, N.H., who are travelling together, are spending a few days here at the Empress Hotel.

Among other Atlantic coast people here are Mr. and Mrs. Otta L. Zeus of Hartford, Conn. From Detroit there are Mr. and Mrs. J. A. De... James G. Wyllie, a big leather goods man from London, has arrived in Victoria on his yearly visit. He is at the Empress Hotel. Mr. and Mrs. J. C. O'Connor Jr. are over from Vancouver and are at the Empress Hotel.

From San Francisco there are staying at the Empress Hotel Mr. and Mrs. A. J. Reynolds.

GYROS WILL SEND DELEGATE TO DENVER

At their quarterly business meeting held last night in the Chamber of Commerce the Gyro Club decided to have a representative at the international convention of Gyro which is to be held in Denver, Colo., June 30-24. The name of the delegate will be announced shortly.

The Gyros talked over their plans for their work at the Protestant Orphanage, Art Minister acting chairman, reported that the interior decorations had been completed and that the outdoor playground was in fair shape but still required further work. The club decided to let Harry Dawson, chairman of the committee, who has recovered from his recent illness, make recommendations for further work.

Gyro Dawson was welcomed back by the clubmen after his long spell of sickness. He went to California to complete his recuperation but was glad to get back to Victoria.

"The suburb I have I got since I returned to Victoria," he told the Gyros. "It was very cold in Los Angeles and I was certainly glad to get back here."

Reports were furnished by the chairmen of the various committees, and all showed that the club is in a very flourishing and active condition. Gyro Sid Chivall reported on the success of the Amundsen lectures.

## H. G. Garrett Speaks Before Underwriters At Luncheon Meeting

H. G. Garrett, deputy superintendent of insurance for British Columbia, was the speaker at the luncheon meeting of the Victoria and Island Life Underwriters' Association, held at noon to-day in David Spencer's private dining-room. The gathering was presided over by the president, J. R. B. More.

The Government official took for his subject the Uniform Life Insurance Act and following his speech a general discussion took place on the Dominion act.

In recognition of his services in coaching a number of the members who recently took the chartered life underwriters' examination, H. F. Shade of the Mutual Life Assurance Company was presented with a Parker pencil.

NO DANGER IN SIGHT  
Unless the weather is abnormally hot during the next few weeks there will be no danger of floods," Hon. E. D. Barrow, Minister of Agriculture, declared to-day when he returned here after a visit to the dyked districts of the Fraser Valley. "There is always the danger of floods if the Spring run off is stimulated by sustained warm weather and the consequent sudden melting of the snow in the hills. But if we have normal weather from now on the water will run off gradually without causing trouble."

## BASEBALL, BOXING

Curtain To Go Up On  
One Sport And Drop  
On One To-morrow

Final Game of Wednesday Football League Will Determine Champions

Barrison and Hudson's Bay To Play First Cricket Game at Work Point

Cricket and soccer will both lay claim to-morrow to the support of the folks who enjoy their half-holiday in the middle of the week.

The Wednesday Cricket League will put on what it hopes will be the last soccer game of the season. The curtain will go up on one sport and drop on another.

The cricket match will be between the Garrison and the Hudson Bay, and will be played at Work Point Barracks. The Garrison are going to play on one sport and drop on another.

Western Baseball  
Attack Makes Big  
Changes In Tables

Philadelphia Athletics Crash From Second to Fourth Place; Cleveland Climb

Detroit and Chicago Crowding Yankees For Lead; Detroit to Honor Cobb

Chicago, May 10.—President Ben Johnson of the American League, to-day lifted the suspension of Ty Cobb and Al Simmons, ranking stars of the Philadelphia Athletics.

New York, May 10.—A wild western baseball attack by the Cleveland Indians, Detroit Tigers and Chicago White Sox slashed eastern teams to ribbons and ate in upon the lead in the American League to-day.

Under the onslaught the Philadelphia Athletics fell from second to fourth place, with the Washington Senators, while the Tigers and White Sox crowded New York for the lead and the Indians began climbing out of the rack.

For once both the Athletics and the Yankees were out of the lead in the American League to-day.

The Yankees took a 2-1 beating from the Sox in Chicago after ten innings. Metzler opened the tenth with a two-bagger, Kamm was next to bat and when Moore tossed the opposing third baseman's bunt wildly toward first, Metzler scored from second. Tony Lazzeri's remarkable fielding performance was broken when the young Yankee second baseman made his first error in twenty-two games.

BURNS DOUBLING AGAIN. When the Athletics, minus Cobb, lost to the Indians at Cleveland, six-to-one, it was their third straight loss to Cleveland. A feature of the game was Burns, the Indian first baseman's tenth double of the season. Burns set a new record last year for hitting two baggers.

POOR OLD TY. He can participate in the luncheon, the parade and the presentation of gifts, but not in the ball game, because of his argument with Umpire Ormsby at Philadelphia, last Thursday.

The Tigers scored a seventeen-to-eleven victory over the Red Sox and gained a stranglehold on second place in the league yesterday. With the exception of Paul, the second innings the hard-hitting Tigers were always in front. Harry Heilmann, Detroit outfielder, hit two homers during the fray.

Travelers Hit Hard  
And Trounce Eagles  
In Twilight Battle

Samplen Display Mid-season Form and Walked Off With Easy Win

Norm Forbes Shows Good Form on Mound and Jack Noble Hits His First Homer

Knocking Howe out of the box in the second inning with a shower and five runs the United Commercial Travelers hung a 7 to 2 defeat on the Eagles in an amateur league baseball game played last night at the Royal Athletic Park.

The Travelers, who won the championship last year, showed up well and took the club to beat again this season. They have an extra heavy hitting team while their infield and outfield are sure and fast.

Jack Noble, the hard hitting chucker of the Travelers and winner of the batting honors in 1926, started off the season by poling out a homer in the fourth inning.

FORBES RITCHING WELL. Norm Forbes on the mound for the samplen hurled a fine brand of ball for his first appearance, allowing only two hits in three innings. Noble replacing him in the box in the fourth. Howe allowed four hits and Kerr his successor was touched up for four safe bingles.

Going to bat first the Travelers got off on the right foot by driving in three runs. "King" Campbell led off man, kissed the first ball for a nice single. He stole second and came home when Art Webster doubled to left field. Colin Campbell walked and Noble struck out. Herb Cummins also walked, filled the bases. Roy Copas singled scoring Webster and Campbell. The next two batters went out at first on a fielder's choice, Campbell advancing to second. Colin Campbell looked them over closely and received another walk.

The Travelers added one more in the third inning. Salloway reached first after taking a field fence on the leg. He advanced to second on the hit and run play and scored on Forbes's two bagger to centre field.

OVER THE FENCE. The winners' seventh run came in the fourth inning when Noble lifted the pill over the fence, field fence into a resident's garden on Pembroke Street.

The Eagles scored their two runs in the fifth inning with Noble pitching. Outman led off with a two-bagger to the centre-field boards. Down reached first on a perfect bunt and stole second. Outman came home on an error by Noble. George Gandy doubled to score Down. Noble then tightened up and the Eagles' rally was cut short.

The game was called at the end of the sixth on account of darkness. On Thursday night the Travelers will meet the Sons of Canada at 6.15 o'clock.

Lipton's Plans  
Toronto, May 10.—Sir Thomas Lipton, famous yachtsman who is at present in this city, hopes to make a definite challenge next year for the American Cup. Sir Thomas said that it had been his intention to race this year but he had been unable to give the required advance notice.

12,000-MILE CHESS  
MATCH ENDS WHEN  
BEDS MAKE A CALL

Will Play on Saturday Against Esquimalt in Finals of Second Division of P.C.F.L.

Both Teams Are Very Strong and Fast and Interesting Game is Looked For

Although the Mainland is being afflicted with many vexatious problems in the conducting of its football, arrangements have been made to allow the G.W.V.A. eleven of New Westminster to visit here on Saturday afternoon for a game with Esquimalt, city champions. The game will be the final of the Second Division of the Pacific Coast Football League.

The B.C.F.A. has been suspended and forbidden to touch football questions but the special commission of the D.F.A. has agreed to the match on Saturday. Final arrangements were completed over the long-distance telephone last night.

The Westminster G.W.V.A. won the mainland championship of the Second Division of the P.C.F.A. and earned the right to play off with the island champion. Esquimalt won the Victoria playoff and then defeated Cumberland with ease in the semi-finals to determine the island's best LOCALS' CHANCES GOOD.

Esquimalt's chances against Westminster on Saturday are highly fancied and a real good game is looked for. The mainlanders have a fast, aggressive team which has made a great showing this season.

Esquimalt's ability is well known. If Tommy Bridges, their goalie, gives a similar display to that he staged against the All-Canadian eleven, the mainlanders will find it harder to set a tooth than draw an elephant's tusk.

RESULTS  
The results are as follows:  
Semi-final, Championship Flight  
A. Christopher beat G. Jones, 4 and 2.  
J. A. Montgomery beat J. Burns, 2 and 1.

Semi-final, First Flight  
T. Angus beat C. Swayne, 7 and 6.  
F. Slydell beat Major G. Smith, 5 and 4.

Final, First Flight  
T. Angus beat F. Slydell, 3 and 2.  
Semi-final, Second Flight  
A. Roberts beat Captain R. H. Fort, 2 and 1.

Final, Second Flight  
A. Roberts beat G. Fulmer, 1 up.  
Semi-final, Third Flight  
J. T. Jones beat V. M. Gallon, 6 and 5.

Final, Third Flight  
D. A. Matthew beat J. T. Jones, 4 and 2.

Semi-final, Fourth Flight  
W. R. Christopher beat E. Durling, 8 and 4.  
P. Whitford beat Major G. Sisman, 3 and 2.

Final, Fourth Flight  
W. R. Christopher beat P. Whitford, 3 and 2.

Play in the women's championship of the Macaulay Golf Club is proceeding very well and the first round has been completed. Mrs. Verley, Mrs. F. Barber-Starkie, Miss H. Dawson and Mrs. W. E. McIntyre will meet in the semi-finals.

First Round, Championship Flight  
Mrs. St. L. Verley beat Miss K. S. Sehl, 9 and 7.  
Mrs. F. Barber-Starkie beat Mrs. E. Dakers, 6 and 5.  
Miss H. Dawson beat Miss S. King, 4 and 2.

First Round, Second Flight  
Mrs. J. G. Haslewood beat Miss M. Blankenbach, 2 up.  
Miss M. Lettice, a bye.  
Mrs. F. Dawson beat Miss J. M. Smith, 6 and 5.  
Miss E. Blankenbach beat Miss F. W. Pryce by default.

The draw for the first flight is as follows:  
Mrs. D. A. Matthew vs. Miss K. S. Sehl.  
Mrs. H. L. Roberts vs. Miss J. M. Gordon.  
Mrs. H. W. Wilders vs. Miss S. King.  
Mrs. J. L. Johnston vs. Mrs. Dakers.

New Westminster To  
Send Football Team  
For Titular Battle

Will Play on Saturday Against Esquimalt in Finals of Second Division of P.C.F.L.

Both Teams Are Very Strong and Fast and Interesting Game is Looked For

Although the Mainland is being afflicted with many vexatious problems in the conducting of its football, arrangements have been made to allow the G.W.V.A. eleven of New Westminster to visit here on Saturday afternoon for a game with Esquimalt, city champions. The game will be the final of the Second Division of the Pacific Coast Football League.

The B.C.F.A. has been suspended and forbidden to touch football questions but the special commission of the D.F.A. has agreed to the match on Saturday. Final arrangements were completed over the long-distance telephone last night.

The Westminster G.W.V.A. won the mainland championship of the Second Division of the P.C.F.A. and earned the right to play off with the island champion. Esquimalt won the Victoria playoff and then defeated Cumberland with ease in the semi-finals to determine the island's best LOCALS' CHANCES GOOD.

Esquimalt's chances against Westminster on Saturday are highly fancied and a real good game is looked for. The mainlanders have a fast, aggressive team which has made a great showing this season.

Esquimalt's ability is well known. If Tommy Bridges, their goalie, gives a similar display to that he staged against the All-Canadian eleven, the mainlanders will find it harder to set a tooth than draw an elephant's tusk.

RESULTS  
The results are as follows:

Sir Harry of Seagram Stable Just Misses \$53,100 Preakness Victory

Baltimore, May 10.—The gates of Preakness fame flew open for a split second yesterday, but that fraction of time proved more than sufficient for Harry Whitney's Bostonian to win the thirty-seventh renewal of the Preakness stakes race in a finish which threw the 35,000 spectators into veritable bedlam. The time for the mile and three-sixteenths run over a heavy track was 2:01 3-5.

Brought from behind only during the last sixteenth, the son of Brooklyn Yankee Maid, staged a terrific sprint that carried him past the leaders in whirlwind fashion to defeat Sir Harry of the Seagram stables by half a length, going away.

Whiskery, the New York sportsman's other colt, was a neck behind to take third place, while five lengths farther back W. J. Salmon's Black Panther, in a nip and tuck battle, nosed William Jefford's Scapa Flow, the favorite, out of any share of the purse.

Bostonian's victory enriched his owner by \$31,000, one of the largest sums ever paid a Preakness winner, together with the famous Woodlawn Vase, while Whiskery's showing brought Whitney an additional \$5,000. Second place was worth \$15,000 and fourth \$2,000.

Bostonian's triumph came as somewhat of a surprise, for while the odds on the Whitney entry were little better than those on Scapa Flow, it was Whiskery which had held the attention of racing fans.

UNRULY AT START. Unruliness of several of the three-year-olds delayed the start for several minutes. When the barrier finally was raised, Saxon of the Green-trees stable jumped into the lead, pressed closely by William Dupont's filly Fair Star and Scapa Flow. The field remained fairly well bunched, until the clubhouse turn was reached. Here Jockey Cottlelli sent Scapa Flow into the lead, which the Jefford colt increased throughout the back stretch.

The heading pace of the favorite took its toll on the turn into the home stretch, however, Scapa Flow not only wearing out the majority of the field, but himself weakening to the point where he became easy prey for Whiskery and Sir Harry, which had been kept well in hand.

Entering the stretch Whiskery was leading Scapa Flow, with Sir Harry and Bostonian following in that order. During the next eighth of a mile Scapa Panther pulled ahead of Scapa Flow, while Jockey Abel began to bring Bostonian up from the outside.

finish line, and in a final tremendous burst of speed shot into the lead to win going away.

Backers of the Whitney entry were rewarded with \$8 for each \$2 straight mutual ticket.

Sir Harry rewarded his supporters to the extent of \$6.20 and \$4.90.

Don't fear these odds

## Grim Pyorrhea gets 4 out of 5

All around you are people doomed, through carelessness, to contract Pyorrhea. Four persons out of five past forty (and many younger) are its victims.

Carelessness—neglect of teeth and gums—is the cause. And the results, too often, are loss of teeth, neuritis, rheumatism, or other serious diseases.

And yet, if you start in time, it is so easy to prevent. See your dentist twice a year. And start using Forhan's for the Gums.

Used regularly and in time, Forhan's prevents Pyorrhea or checks it. It firms the gums and keeps them healthy. It protects teeth and keeps them white.

Ask your dentist about Forhan's; the formula of R. J. Forhan, D. D. S. It contains Forhan's Pyorrhea Liquid, used by dentists in the treatment of Pyorrhea.

Safeguard youth and health! Start the morning-and-night Forhan habit, today. Teach your children to use it as health-insurance. At all druggists', 35c and 60c.

## Forhan's for the gums

MORE THAN A TOOTH PASTE... IT CHECKS PYORRHEA

We make this promise

Everybody wants a sweet, fresh breath. If you try this new, sparkling Forhan's Antiseptic Refreshment once, you'll never go back to ordinary mouthwashes that only hide bad breath with their tell-tale odors. Forhan's Antiseptic Refreshment is a success. Try it.

At all druggists, 35c and 60c.

## SAANICH MUST TAX IMPROVEMENTS

### Heavy Increases in Levy From Inner Wards Inevitable

The Saanich assessment roll, as presented to the Court of Revision last night by Assessor Sewell, gives the following figures:

Land Improvements	
Ward One	\$800,675
Ward Two	662,510
Ward Three	478,145
Ward Four	731,280
Ward Five	865,850
Ward Six	725,670
Ward Seven	769,080
B.C. Electric	121,212
B.C. Telephone	121,212
Can. National	16,740

\$5,354,522 \$8,585,068

Craigflower \$336,200 \$70,990

The assessment on land alone in 1926 was as follows:

Ward One	\$1,117,805
Ward Two	662,595
Ward Three	1,071,120
Ward Four	1,049,225
Ward Five	1,242,985
Ward Six	1,069,445
Ward Seven	916,509

\$7,329,985

B.C. Electric 134,809

Craigflower \$7,464,894

\$7,743,339

It was admitted that the new roll compels taxation of improvements, and the council had before it the following data as to the taxable value in each ward if the levy is placed on 50 per cent of the value of improvements:

Ward One	\$1,219,080
Ward Two	1,144,302
Ward Three	1,074,924
Ward Four	1,180,188
Ward Five	1,275,503
Ward Six	1,377,733
Ward Seven	1,250,285

\$8,847,068

B.C. Electric 129,082

Can. National 16,740

\$8,766,150

MAY LOWER RATE

On the assessment of 1926 of \$7,464,894 on land only, a rate of twenty-five mills brought \$186,622.

If the council finds few changes necessary in the roll as presented, a rate of twenty mills on the full land value and fifty per cent of improvements will produce \$219,154, while a rate of twenty mills would give \$175,323 on the same basis.

Reeve Crouch was supported when he suggested that tabulations be made as to the revenue to be obtained from a levy on a lower percentage of improvements, while Councillor McWilliam urged that the mill rate be reduced to the lowest point possible.

War Six improvements include \$255,000 on three major concerns, these being, B.C. Cement Company's plant, \$150,000, the College at Brentwood, \$80,000, and the B.C. Electric Company's power plant at Brentwood, \$25,000.

Then examining the new roll, Councillor McWilliam remarked: "Do you know what you've done? You have the land assessed away below its true value. It's a terrible raise for the inner wards. It will hit them

Mrs. Gaddes, Mrs. P. A. Pearce, Mrs. W. L. Griffiths, Miss M. Higgs and Mrs. J. M. Milne. Following the conclusion of the entertainment refreshments were served by the hostess, Mrs. Helgesen, assisted by ladies present, and the room was cleared for dancing. A hearty vote of thanks was passed to Mr. and Mrs. Helgesen for their kindness in throwing open their home to the public. It is gratifying to report that as a result of the event the sum of \$40 was realized, which will be used to replenish and add to the school library.

Friends of Miss Olive K. Gawley will be glad to know that after several months in hospital, when recovery was for some time almost despaired of, she has now recovered sufficiently to be up in a wheel chair for a time each day and will be able to be taken for a drive some time next week.

A letter from the Library Board was read to the council stating that the present three-year contract with Esquimalt would expire at the end of the present year. The Library Board has been pressing for higher fees from Esquimalt and other municipalities recently, and there is a possibility that the present minimum collection of \$600 will be raised next year. The council has learned nothing authentic in this regard nor has the library board made any announcement in that connection.

A committee was appointed by the council to meet the Memorial Park body in order to arrange for the opening of the new park and the unveiling of the memorial, and to set the date for the function.

Municipalities have no right to grant permits for gasoline pumps on streets at present, in the opinion of A. G. Harvey, solicitor for the municipality of Point Grey. This information was contained in a letter to the council.

## ESQUIMALT TO ADD TO PARADE BEAUTY

### Consider Entering Two Floats in May 24 Celebration Parade

Equipment will consider placing one or two floats in the May 24 parade, in which Victoria and surrounding municipalities plan to co-operate to achieve something spectacular. James Elrick of Esquimalt, following the receipt of a letter from the May 24 Celebration Committee at the meeting of the council last night decided that Esquimalt should do all in its power to assist in the festivities.

A committee was struck to co-operate with the May 24 central celebration committee and to look into the matter of floats.

A letter from the Library Board was read to the council stating that the present three-year contract with Esquimalt would expire at the end of the present year. Probably this Naa aeroplane picture reveals the tragedy of the Mississippi floods better than any photograph yet taken. It shows more than a score of people marooned on an Indian burial mound near Greenville, Miss., with the water steadily rising and threatening to inundate it. Hundreds of people were rescued by boats from these tiny little islands in the great inland sea formed by the flood waters of the Mississippi. Several head of live stock also were on the island.

very hard, all at once."

## HEARINGS MAY 18

On the motion of Councillor Oldfield the roll was officially received, ratepayers were given until 5 o'clock on May 18 to file protests, and the Court of Revision adjourned until 8 o'clock on May 18, when public hearings of protests will commence. Notices are not being sent out to property owners, not being legally required. When revision of the roll was commenced, notices were sent out, but this service was found too onerous, with the small staff available, and was abandoned. Property owners can obtain particulars of their assessment on application at the Municipal Hall at Royal Oak.

## Islands

Galiano Island, May 10.—The highest marks for the Sunday School by post were won by Edwin Morgan 55; Barbara Twiss and Nigel Morgan 53; Rosamond Murcheson 50.

During the fire prevention week Mr. Miller Higgs visited the school and addressed the children. A number of the children also took part in a play called, "Betty's Dream."

Mrs. Cummings is staying with her son, Mr. Hume.

Mr. and Mrs. Lucas of Victoria were visitors of Mr. and Mrs. Miller Higgs and later they went on to Gossip Island.

Mrs. Hume and Ritchie have gone to Victoria for a holiday.

Mrs. Gilmour was a hostess in honor of her birthday, an enjoyable

time was spent. Those present were Mr. and Mrs. Miller Higgs, Mrs. York, Mrs. New, Mrs. Twiss, Mrs. Lord and Mrs. Murcheson.

## MAYNE ISLAND

R. McNeill has returned after a few days spent in Vancouver.

Miss Berry has returned from Victoria.

Dr. West has been spending a few days in Vancouver.

Lady Constance Pawkes has been visiting Victoria.

J. Bonadalle has returned after a visit to Vancouver.

Master A. Deacon has been spending a holiday in Vancouver.

Miss D. McNeill has returned home.

Mrs. Hogen has returned after spending a week at White Rock.

Mrs. Anderson has returned to Vancouver after staying with the Rev. and Mrs. Porter.

Mrs. Hall has gone to Victoria.

The Misses Mamie and Kathleen Garrick have returned from Victoria.

The Rev. R. D. and Mrs. Porter paid a visit to Vancouver.

Mrs. Naylor of Grandview is having a wooden tennis court made.

The new Summer schedule of the St. Charmer has now started.

Recent guests at Grandview Lodge were: L. Johnston of Vancouver; M.

Marianovich of Sidney; D. Webster, E. Ware, F. Parkinson, all of Victoria.

## AUSTRALIAN BAND PLAYS HERE MAY 28

World Touring Musicians Hold Many Laurels

A most interesting announcement is made by Lester Patrick to effect that the famous Australian National Band will appear in this city on May 28. To all who love music rendered in the finest manner, whether it be classical or otherwise this should be a most pleasing announcement. This great aggregation of musicians who have deservedly earned the name, given it by many of the greatest musical critics in the world, of being "the finest band in the world," have returned only a few months after leaving this country on the last lap of their world tour as a result of requests.

The band will fill engagements at five of the big Western Canadian fairs as well as other of the large fairs in Canada and the United States.

It is doubtful if any band ever created such a furor or left such wonderful impressions as did the Australians on their recent tour of the world. From Melbourne to Cape Town to Paris, to Berlin, to London, to Edinburgh, to Montreal, to Toronto, and Vancouver, and many other large centres, the vast av-

from beginning to end

the best milk chocolate bar made  
5¢ 10¢ & 25¢ sizes

lanche of praise would fill volumes. The great versatility of the Australian National Band is evidenced by their programmes and the fact that lovers of high class music are everywhere forced to concede their marvellous ability in playing "jazz" numbers with the easy manner and manipulation of the greatest "jazz" bands, and the equally wonderful rendition of the greatest and most difficult overtures, grand overtures and suites as well as the semi-classical numbers.

## FOR Stomach Acid PHILLIPS' Milk of Magnesia

Instead of soda hereafter take a little "Phillips' Milk of Magnesia" in water any time for indigestion or sour, acid, gassy stomach, and relief will come instantly.

**BETTER THAN SODA**

For fifty years genuine "Phillips' Milk of Magnesia" has been prescribed by physicians because it overcomes three times as much acid in

the stomach as a saturated solution of bicarbonate of soda, leaving the stomach sweet and free from all gases. Besides, it neutralizes acid fermentations in the bowels and gently urges this souring waste from the system without purging. It is far more pleasant to take than soda.

**INSIST UPON "PHILLIPS"**

Each bottle contains full directions—any drug store.

## A NEW CHAPTER IN DODGE BROTHERS HISTORY

Today a new page turns in Dodge Brothers history—a new chapter opens—expressing a vigorous new forward-looking spirit in the administration of Dodge Brothers.

## A NEW MOTOR!

A remarkable step forward in engineering accomplishment.  
A striking answer to those who have measured performance in terms of cylinders.  
A masterpiece of simplicity, smoothness and silence.  
20% more miles per gallon!  
15% more power!  
20% faster acceleration!  
Pick-up, get-away and get-there!  
New standard gear-shift transmission—new silent-action clutch—balloon-geared steering unit and 24 other important new features.  
Smart new lines and colors to celebrate the event.

Special Coupe, \$1435; Special Sedan, \$1550; De Luxe Sedan, \$1665; Sport Roadster, \$1495. Delivered at Victoria.

## Metehosin

Metehosin, May 16.—A most enjoyable entertainment was given by the school children of Metehosin district on Friday evening in the ballroom at "Sherwood," the home of Mr. and Mrs. H. C. Helgesen, who had kindly thrown open their house for the occasion. The place was crowded to capacity with visitors from the local and all the neighborhood districts. The chair was taken by Dr. Gaddes and a very attractive programme was opened with a piano-forte solo by Miss Valerie Ellwood, followed by nursery rhymes, sung by little people in pretty costumes, those taking part being Peter and Elizabeth Pearce, Beth Ellwood, Dorothy and Kathleen Field, Peggy Higgs, Ramsay, Cecilia and Rosamond Milne, Olive Snider and Grace and George Allen. A dialogue, also in costume, was presented by Valerie and Enid Ellwood, Gladys, Snider, Edith Allen and Esther Roberts; and the Parade of the Wooden Soldiers was very well executed by William and Katherine Milne, Lynn Gaddes, Norma Weir, Nora Helgesen, Edith Allen and Mona Bolton. A recitation by one who chose to call himself the "Metehosin School Dwarf" a scene from "Alice in Wonderland" by Violet Clarke, Mona Bolton and Katherine Milne, and a gavotte by Nora Helgesen and Marjorie Fisher in charming "eighteenth century" costume completed a pleasing characterization, pretty costumes and scenic effects, and talent in song and dance. The audience testified to their extreme enjoyment by hearty and prolonged applause. A sincere vote of thanks was passed to the ladies who had helped to arrange the programme, both in training the children and arranging the costumes, the following names being mentioned: Miss Minn, Mrs. F. F. Prud-

## Her Table Linen is Her Pride

Its snowy whiteness must be preserved. Therefore every time she washes it she puts Reckitt's Blue in the rinsing water. It makes all the difference between having the linen just clean and having it really white and attractive.

# Reckitt's Blue

In the handy bag with the Blue and White stripes

### LEATHER COATS

Sport coats of bordeaux leather have leg-o-mutton sleeves and are lined with matching squirrel fur.

### KASHA AND VELVET

Many charming street suits are composed of a kasha dress in neutral color, with a vivid jacket of velvet.

## TEN RICHEST NEW YORKERS ARE NAMED

New York, May 9.—The ten wealthiest residents of New York are named as follows:

John D. Rockefeller Jr. \$850,000,000  
George F. Baker..... 200,000,000  
Charles M. Schwab..... 125,000,000  
Sidney Z. Mitchell..... 125,000,000

Payne Whitney..... 70,000,000

New York City although the place of residence of a great number of the nation's wealthiest men and women, has not been the field of business and commercial endeavor through which a majority of these huge fortunes have been piled up.

Generally speaking, the New Yorker who has acquired prominence in the ratings of great wealth has come to the city merely as a base from which to direct the operations of a multi-million dollar business enterprise which have made him rich.

Of the ten persons listed here, only one, John D. Rockefeller Jr., is a native-born. The others are men who have come here after successful business enterprises elsewhere had started them on the road to fortune.

Strictly speaking, the Astor fortune is perhaps the only one of the ten named which has been rolled up through almost wholly local operations. The riches of the Morgans and Bakers, while essentially New York fortunes, have come about through ramifications of commercial activities which have penetrated every state in the Union and, in some instances, foreign fields.

John D. Rockefeller Jr., successor through inheritance to the title of the second richest man in America, is a native of Cleveland. The family fortune had been well established by his father when he attained his majority. George F. Baker, listed as the city's second wealthiest man, came here from Troy, N.Y., during early manhood, and Charles M. Schwab is a native of Williamsburg, Pa.

Edward S. Harkness, whose fortune is the that of the Rockefellers, founded on Standard Oil manipulations, came here from Cleveland, and Sidney Z. Mitchell, of whom the average man has heard little, is from Danville, Va.

Vincent Astor, Mrs. E. H. Harri- man, J. P. Morgan, Arthur C. James and Payne Whitney, were all born in New York and inherited large portions of their material wealth.

The fortune of George F. Baker, much of which has already been turned over to his son, George F. Baker Jr., was accumulated through the banking industry and through the shrewd handling of railroad and industrial stocks for which Baker has long been noted. Charles M. Schwab, as the average person knows, "cleaned up" in the consolidation days of the iron and steel industry. Through careful investment in the days which followed.

Arthur Curtis James, long aligned with the Phelps-Dodge mining and railroad activities, laid the foundation for his fortune by intelligent speculation in rail and industrial securities, and the Whitney millions grew with the progress of the Standard Oil Company.

Vincent Astor inherited the bulk of his wealth from his ancestors who had sought to invest heavily in Manhattan Island real estate and rail stocks. The fortune is growing under his management, financial experts say.

Sidney Z. Mitchell, probably one of the least known of the big financiers outside of the realms of "big business," is president of the Electric Bond and Trust Co. of New York, a knowledge of the finances and destinies of some one hundred public utilities groups in various parts of the United States. The firm acts as "doctor" to utilities organizations which are ailing from a financial standpoint.

Mitchell was graduated from Annapolis in the late '80s, and went West with a knowledge of then comparatively new science known as electricity. He established at Seattle, Wash., one of the first electric light plants on the Pacific Coast, and made it pay, despite popular skepticism. Since then he has piled up his fortune of \$125,000,000 by financing and operating various electrical utility companies. It is said that Mitchell has been interviewed by a news writer only once in his career.

## CASINGHEAD GAS MEN LOSING MONEY

New York, May 10.—E. W. Marland, president of Marland Oil Company, has telegraphed The New York American as follows:

"Companies engaged extensively in the production of oil and gas, including gasoline, are losing money in those branches of the industry. Refiners with large cracking installations shut down are meeting increasing depreciation charges, and the producing and manufacturing branches, the marketing branch is incurring in a very expensive price war."

his father when he attained his majority. George F. Baker, listed as the city's second wealthiest man, came here from Troy, N.Y., during early manhood, and Charles M. Schwab is a native of Williamsburg, Pa.

The firm acts as "doctor" to utilities organizations which are ailing from a financial standpoint.

Mitchell was graduated from Annapolis in the late '80s, and went West with a knowledge of then comparatively new science known as electricity. He established at Seattle, Wash., one of the first electric light plants on the Pacific Coast, and made it pay, despite popular skepticism. Since then he has piled up his fortune of \$125,000,000 by financing and operating various electrical utility companies. It is said that Mitchell has been interviewed by a news writer only once in his career.

One member in moving the vote of thanks to the speaker protested against the practice of sending mental patients from local institutions to the hospital on the mainland, to the boat in a police patrol accompanied by police. The stigma attaching to such practice added to the pain of the patients and their relatives, she observed, and added the suggestion that a doctor and a nurse should be of sufficient protection in cases which were not criminal.

Another member also brought to the attention of the meeting the entire lack of inspection of private or public mental hospitals, and the absence of any reports as to the condition of patients, thus making it possible for a patient to be deprived of his or her property.

Relief work, directed by the Red Cross, was under way in South Central Kansas where ten were killed, forty injured and many left homeless by a tornado Saturday night.

High winds continued over Kansas yesterday, causing one of the worst dust storms in history.

A high wind at Fort Leavenworth, Kan., tore the army dirigible T.C. Nunan out of its moorings. It was necessary to release the gas to save the huge bag.

Some relief from the freak storms was forecast by weather officials, due to a cool wind from the Rocky Mountain states, where at least two persons perished in snowstorms that marooned ranchers and tourists.

Poplar Bluff, Mo., May 10.—A jagged line of ruins against the sky and fifty bodies in improvised morgues made up the toll early today of a tornado which swept through the main business section here yesterday afternoon. Sixty persons were seriously injured and 200 others suffered minor injuries.

Rain put out fire. The storm devastated an area four blocks wide and ten blocks long in the heart of the town. Fire broke out immediately afterwards, but was soon quenched by the torrential rain that followed the twister.

Two companies of Missouri Guardsmen from Doniphan and Dexter patrolled the streets today. Estimates of the property loss vary from \$1,000,000 to \$4,000,000. Two children out of 200 were killed and many injured when the East Side School was destroyed.

BUILDINGS WRECKED. All the business houses on the principal streets of the town were wrecked. The stone courthouse stands apart on a hill, like a skeleton, with its roof gone and windows broken.

Red Cross assistance in the way of doctors and nurses and relief supplies were rushed from St. Louis headquarters in two special trains last night.

Only one cafe is operating today and food is scarce.

## EGGERS TO BE TAKEN TO VANCOUVER

(Continued from page 1)

and another United States marshal, whose name has not been made known. The removal of Eggers to Vancouver will end a desperate series of legal battles on his part to prevent his extradition. In Canada he is to face the three-year-old charges of sending a gasoline boat Klask at Pender Island, boarding the boat Haddel from the Klask and shooting the Haddel's helmsman, Larum. He is also accused of being 232 cases of liquor and carrying them away on the Klask.

## SEARCH IS MADE FOR NUNGESSER PLANE

(Continued from page 1)

formal statements saying they had only reproduced "dispatches" which had been confirmed by official statements from the Ministries of War and the Interior.

The report of the aviators' reception were based, they declare, on an official statement from the Minister of the Interior, posted in the Chamber of Deputies, announcing "the exact hour of the arrival in New York," and describing "the delirious enthusiasm of the crowds."

FLAG TAKEN DOWN. The crowds which hung about the streets until the early morning hours were thoroughly angry and there was some evidence of anti-United States sentiment. Not only did they burn copies of the newspapers which had deceived them, but a gathering in front of the office of Le Matin, hooded and ferred until the United States flag was pulled down.

WEATHER INTERFERENCE. Someone had passed the word that deceptive United States weather reports had sent Nungesser and Gail off when in fact conditions were not propitious for the attempt. This increased feeling to the extent that a number of Americans expressed the hope that the Bellanca plane would not attempt to make the New York-Paris hop at the present.

There was another manifestation in the early hours in front of the Paris office. The New York Herald-Tribune in the Avenue de l'Opera, where crowds charged the paper with deliberately withholding confirmation of the aviators' arrival, merely to belittle the French achievement.

DISCUSSION IN CHAMBER. The Government will be asked in the Chamber of Deputies today to fix a date to discuss an interpellation on the origin of the false news and the "commotion caused in French public opinion."

Despite the fact that nothing authoritative has been heard concerning the airmen since they passed over the coast of France Sunday morning, Paris is still optimistic.

CHANNEL SEARCHED. The consensus is that they have been forced to the ocean by fog somewhere near the Newfoundland or Nova Scotia coast. The French Government, however, is taking nothing for granted and has ordered the naval authorities to make a thorough search of the English Channel and vicinity in the event that the airmen were forced down before really starting on the Transatlantic voyage.

Starvation Fad Real Menace to Health. By DR. MORRIS FISHBEIN. Of all the people of the world, we are apparently more addicted to and the readiest victims of food fads of one type or another.

The explanation lies, no doubt, in high-pressure advertising and "eat more" campaigns planned primarily for the promotion of single items of diet, when a diet should actually be widely assorted and well balanced.

The most vicious of all of the food fads, strangely enough, is the starvation fad. Undoubtedly most people overeat. The obvious corrective is to eat just enough food to satisfy the body's needs.

Investigators have estimated that a man at hard muscular work requires 4,150 calories; a moderate worker, 3,400; a desk worker, 2,700; the person of leisure, 2,450 calories per day. A child under one year requires about forty-five calories per pound of body weight, or about 900 calories per day.

The number is reduced from the age of six to thirteen years to about thirty-five calories per pound, or 2,700 per day. From eighteen to twenty-five years, it is still further reduced to about twenty-five calories per pound, or 2,800 per day.

At thirty years one may have 2,750 calories per day if he weighs about 150 pounds; at forty years, 2,500 for a weight of 154 pounds; at sixty years, 2,300 calories for a weight of 150 pounds; at seventy years, 2,000 calories for 134 pounds, and at eighty years, 1,750 calories for a weight of 135 pounds.

These figures indicate the importance of calories to sustain body loss during the time of greatest energy, the gradual reduction of food intake with increasing age, and the importance of the reduction of weight after forty years of age in relation to longevity. Of this more will be said later.

Nevertheless at every age the human being requires a certain amount of food to sustain his physical mechanism. An occasional starvation period may be worth while in relation to disease, but long continued fasts or starvation as a routine is merely a fad and should be severely discontinued.

Minor Hockey Leagues To Confer With Calder. Montreal, May 12.—Delegates of the minor professional hockey leagues which are affiliated with the National Hockey League, have been requested to postpone their intended joint conference here where the semi-annual meeting of the N.H.L. takes place next Saturday in Montreal.

President Frank Calder of the major league, said yesterday.

Representatives of the Pacific and Canadian-American Leagues had advised the National League heads that they would come here Saturday to confer with him on joint matters as he is also the commissioner of the minors, but owing to the great amount of business expected to be discussed at the major league gathering, President Calder has suggested in a circular letter that a joint meeting be held at a later date.

## GREAT LUMBER MERGER NEAR COMPLETION

Work of Valuator Reported About Completed For Oregon-Washington-B.C. Combine

Vancouver, May 10.—The big merger of sixty-five lumber mills and timber properties of Oregon, Washington and British Columbia, into one gigantic concern, which has been under way for several months, "is now well within sight of realization," according to an announcement made by The Morning Star here today.

Within the last few days a number of outstanding lumbermen and financiers from various parts of the United States and Eastern Canada, have been coming and going between Vancouver, Seattle and Portland, working on various phases of the undertaking, the newspaper says.

It is learned that coast logging and milling companies whose capitalization exceeds \$100,000,000 have signed a memorandum agreeing to enter the merger, whose purpose, it is stated by the negotiators, is to be "such a control of production and elimination of overhead as will enable the industry to function profitably."

"For two months," the story says, "committees of valuers have been engaged in appraising the various properties with a view to placing all the member companies on an equitable and fair basis."

"According to responsible lumber men interviewed Monday, all that remains to bring about the actual consolidation is the big task of satisfying the various companies that they are receiving fair valuations for their respective properties."

"At present, the lumbermen claim that over-production is killing the market. With all the interests 'voiced' it will be possible to limit production to the actual needs of the market, and with the big saving in overhead some of the lumbermen, it is implied, it is hoped that lumber can be sold at lower prices. At present each individual concern is under the necessity of keeping its plant in operation practically to capacity, if only for the purpose of raising enough money to meet fixed charges. With all the companies pooling their interests only those plants that can produce most economically need be kept operating in slack times."

"It is the avowed expectation of leading members in the proposed organization that prices of lumber to the public can be substantially reduced by the merger."

"It may yet be several months before the consolidation is completed, but the board of equalization which is working out valuations is meeting steadily at Portland on this problem, and is expected to come to Vancouver in the near future."

Duncan. Duncan, May 9.—The annual circle meeting of the King's Daughters for the election of district president and officers, took place on Friday afternoon, May 12. The hospital will be open to the public on the afternoon of that day, and the new children's ward will be opened by Dr. Wace.

The W.A. of St. John's Church, Duncan, and the W.A. of St. Mary's, Somenos, united in holding a sale of work, etc., in Duncan on Saturday afternoon, in aid of the vicarage fund. This proved a great success and should aid materially in paying off the balance due. The various stalls were as follows: Work stall, Mrs. Neel, Mrs. Pitt, Mrs. Storey and Mrs. G. V. Hopkins; cooked food stall, Mrs. Moon, Mrs. Dunkley and Mrs. F. G. Chapman; novelty stall, Mrs. W. A. Keatley; Eileen Dwyer, Ivy Arthur, Gladys Saunders, Frances Kirkham and Marjorie Pitt; plants and flowers, Mrs. E. G. Sanford, Mrs. W. P. Corfield, Mrs. E. T. Cresswell and Mrs. Phillip; 25 cent stall, Mrs. Baker, Una Fletcher, Margaret Hattie and Leonie Langford; candy stall, St. John's juniors, Mrs. Saunders, Mrs. Coffishley, Mrs. W. Hopkins and Miss Batterley; superfluities, St. Mary's juniors, Mrs. G. Tisdale, Josie Hopkins and Blanche Legge.

Afternoon tea was served under the capable direction of Mrs. Fletcher, assisted by Mrs. V. Presland, Mrs. McKinnell, Mrs. Robinson, Mrs. Goddard, Mrs. Potts and Mrs. Compin. Waitresses, Dorothy McKinnell, Florence Eveleigh, Rosa Birch, Betty, Godwin, Meta Seaton, Mollie Yates, Stella Dwyer, Dorothea Baker, Doreen Schibler and Margaret Holmes. The tickets were sold by Mrs. A. D. Thorpe, Mrs. Langlois and Mrs. Colk. Various competitions were held under direction of Mrs. W. Purver, assisted by Mrs. A. S. Thompson and Mrs. A. Johnson. The lucky winners were Mrs. G. E. Tisdale, Mrs. Pickard, Miss Geoghehan and Eileen Stannard. Mrs. Bischofberger, the vicar's wife, helped in many ways.

Maple Frosting. Whites two eggs, 1 1/2 cups maple syrup. Put syrup in good sized sauce pan and bring to the boiling point. Put egg whites in a bowl and beat with a Dover beater until stiff. Add four tablespoonsful of syrup, beating each tablespoonful thoroughly into whites. Let syrup cook until it holds its shape when tried in cold water but is too soft to pick up with fingers. Gradually add about one-third of the hot syrup, beating hard. Let syrup cook until a firm ball is formed when a few drops are tried in cold water and slowly add to frosting beating hard. Beat until frosting is cool and spread on cake. This makes a thick frosting that does not "cake" and dry out. You will soon tell by the "feel" of the frosting while beating the right time for cooking the syrup.

QUICK CAKE. One whole egg, 2 yolks eggs, 7-8 cup granulated sugar, 1-3 cup butter, 2 cups flour, 4 teaspoons baking powder, 1-2 teaspoon salt, 1 teaspoon vanilla, 1 cup milk. Save whites of two eggs for frosting. Put yolks in a bowl and beat with a Dover beater until very light. Beat in sugar, continuing to use egg beater. Gradually beat in milk and butter, which has been melted. Beat very hard with egg beater. Remove beater and add flour mixed and sifted with baking powder and salt. Add vanilla and beat the mixture until perfectly smooth using a wooden spoon. Turn into an oiled and floured dripping pan and bake thirty minutes in a moderately hot oven. Let cool slightly and cover with maple frosting.

MAPLE FROSTING. Whites two eggs, 1 1/2 cups maple syrup. Put syrup in good sized sauce pan and bring to the boiling point. Put egg whites in a bowl and beat with a Dover beater until stiff. Add four tablespoonsful of syrup, beating each tablespoonful thoroughly into whites. Let syrup cook until it holds its shape when tried in cold water but is too soft to pick up with fingers. Beat until frosting is cool and spread on cake. This makes a thick frosting that does not "cake" and dry out. You will soon tell by the "feel" of the frosting while beating the right time for cooking the syrup.

CHEMAMUS. Chemainus, May 10.—On Friday evening a meeting of July 1 celebration was held in the recreation hall, when the following committees were chosen: J. H. Humber, finance; V. G. Pritchard, parade; W. Alister, sports; F. A. Halhed, dance; Mrs. Frank Reed, supper; Mrs. Russell Robinson, elected treasurer. It was decided that about \$500 would finance the celebration. Private individuals will be asked to donate \$1. Storekeepers and business men will be asked to give special donations.

Next Friday the First Chemainus Girl Guide May Day festival and

## An Aroma that whets the appetite, a flavour that captivates the taste... and a never-varying quality since 1864.

Chase & Sanborn's SEAL BRAND Coffee "The King of Coffees"

entertainment will take place in the picture house.

Mothers' Day was observed in Calvary Baptist Church on Sunday evening. Children contributed several numbers. Walter Ainsley of Liverpool, England, gave an appropriate address.

The Anglican churches observed Mothers' Day. A special children's service was held in the afternoon in St. Michael's Church, when the Sunday schools of Chemainus, Westholme and Crofton were represented. Mr. Kent of Vancouver addressed the children on Mothers' Day.

Ladysmith. Ladysmith, May 10.—Mr. and Mrs. A. Clark and family and Mr. and Mrs. R. Peters and family motored down from Cumberland, Sunday, and were the guests of Mr. and Mrs. C. G. Allen, White Street.

P. Inkster of Nanaimo was the guest of Mr. and Mrs. G. Inkster, Sunday.

Mrs. J. Galloway and Mrs. A. Dunstrie and daughter, Fanny, were visitors to Nanaimo, Saturday.

The Pigeon Club held its sixth pigeon race Sunday from Castle Rock, an air line distance of 196 miles. The birds were liberated at 8 a.m. The following were the results: C. Reinhard, Northfield, 6 h. 50 m. 51 s.; S. Russell, Northfield, 6 h. 50 m. 54 s.; T. Naylor, Nanaimo, 6 h. 51 m. 44 s.; E. Peersen, Ladysmith, 6 h. 52 m. 41 s.; S. Thompson, Nanaimo, 7 h. 13 m. 34 s.; R. Whisker, Ladysmith, 7 h. 25 m. 34 s.; T. Wilkinson, Nanaimo, 7 h. 34 m. 56 s.

MENUS FOR THE FAMILY. By SISTER MARY. Breakfast.—Steamed fish with sliced lemon, cereal, cream, creamed beef with toast cubes, crisp graham toast, milk, coffee. Luncheon.—Stuffed eggs in tomato sauce, hearts of lettuce with French dressing, graham bread, quick cake with maple frosting, milk, tea. Dinner.—Broiled salmon steaks, buttered potatoes, dandelion greens, stuffed celery, rhubarb Betty, with hard sauce (rye bread, milk, coffee).

QUICK CAKE. One whole egg, 2 yolks eggs, 7-8 cup granulated sugar, 1-3 cup butter, 2 cups flour, 4 teaspoons baking powder, 1-2 teaspoon salt, 1 teaspoon vanilla, 1 cup milk. Save whites of two eggs for frosting. Put yolks in a bowl and beat with a Dover beater until very light. Beat in sugar, continuing to use egg beater. Gradually beat in milk and butter, which has been melted. Beat very hard with egg beater. Remove beater and add flour mixed and sifted with baking powder and salt. # LAILA

A Tale of the Days of Christ, by John Newport  
(Copyright, 1924, by Eugene MacLean)

"But you are good beneath all that you are growing your beard, you are more comely."  
He dropped the cup, and passed his hand over his chin. "I meant to shave," he protested, "but I had nothing to shave with!"  
The girl emitted a little sigh. "The youth whom I met in the fields, and of whom I told you, had a beautiful full beard," she said.  
"Confound the youth!" shouted the soldier. "Is this youth to pursue me wherever I go?"  
Maryam clasped her hands. "Have you seen him?"  
"No," he growled. "And I do not wish to see him."  
Her father was looking at her affectionately. "It is the rule of our people," he said, "that the fathers and mothers select the husbands for their daughters. But the man I had chosen fears to marry the daughter of an outlaw." He stopped to gaze into the fire. "So, if ever we find this youth, and he is worthy, I shall choose him for my daughter's spouse."  
The girl knelt before him, touching her forehead to the ground. "But first," he said, "we must find him. And my daughter, we cannot seek him."  
"But he is seeking us," she said, with simple faith. "I know—he even asked the Arabian woman about me."  
The desert chief, sitting behind the little circle, had been listening to the talk, shifting his gaze from one to another.  
Now he took his sword, and tapped sharply on the stone floor. They all turned, and he beckoned to Antonius.

## CHAPTER XLIII

"He wants me to come to him, but it is hard for me to move," Antonius said.  
The Arabian continued to beckon, in Syrian fashion, his arm straight before him and moving it downward.  
The soldier considered, and then began to hitch himself across the stone floor, pulling himself forward with his elbow. Aaron and Jared looked after him curiously, not offering to help.  
"The Arabian is not our friend," Maryam explained, timidly, from the other side of the fire.  
The desert chief patted Antonius on the arm, when the soldier reached his side. His brows drew together in deep thought, his eyes still fixed upon the soldier. At last he began making careful motions, watching to see if Antonius understood.  
The soldier looked at him blankly. With greater vigor, the Arabian began again. He pointed to the entrance to the cave, then to the rock window of the cavern, then indefinitely into the distance.  
"Zerin!" he said. "Zerin!"  
Antonius shook his head.  
Aaron's voice was upraised behind him. "That is the Arabian name for Jezreel," he said.  
The soldier gave a sign that now he understood. The chief showed immense satisfaction. He lifted his sword, and began whirling it about his head, chopping downward from time to time, as if hacking at the head of an enemy. When he stopped, exhausted from the exertion, he gazed at Antonius hopefully.  
"You mean there is a battle?" asked the soldier. He drew his dagger, and made hostile motions with it. "In Zerin?"  
The Arabian smiled with delight, eagerly patting his hands as a token of approval. "Zerin! Zerin!" he repeated, and chopped at the floor with his sword.  
Then, with two fingers of each hand, he gravely imitated upon the floor the movement of men marching. He touched his sword. Immediately his fingers, on the rock pavement, began to run. The fingers tangled, his fists clashed together. Raising his eyes, he gazed, with anxiety into Antonius's face.  
The soldier nodded violently.  
"He is telling me that there is fighting in Jezreel," he called to the men beside the fire.  
"See if you can learn who is in the battle," answered Jared. He arose, and with Aaron came to where the soldier and the chieftain lay.

## PAINS ALL OVER BODY

Two More Cases of Feminine Illness Relieved by Lydia E. Pinkham's Vegetable Compound

Barrington, N. S.—"I had terrible feelings, headaches, back and side aches and pains all over my body. I would have to go to bed every month and nothing would do me good. My husband and my father did my work for me as I have two children and we have quite a big place. I read in the paper about Lydia E. Pinkham's Vegetable Compound, and then got a little book about it through the mail, and my husband sent to Eaton's and got me a bottle, and then we got more from the store. I am feeling fine now and do all my work and am able to go out around. I tell my friends it is Lydia E. Pinkham's Vegetable Compound that makes me feel so well."—Mrs. VICTOR RICHARDSON, Barrington, Nova Scotia.

Dull Pains in Back  
St. Thomas, Ont.—"I took four bottles of Lydia E. Pinkham's Vegetable Compound and found great relief from the dull, heavy pains in the small of my back and the weakness from which I suffered for five years after my boy was born. After taking the Vegetable Compound and using Lydia E. Pinkham's Sensitive Wash I am feeling better than I have for the past seven years, and advise my friends to take it."—Mrs. F. JOHNSON, 49 Moore Street, St. Thomas, Ont. C

"Herod's guards may be slugging the townspeople word," Antonius touched the chief on the knee, and then pointed first to Aaron, then to Jared, and then in the direction of the village, with his eyebrows raised in inquiry.  
The chief made motions of denial. With his forefinger he touched his own costume, and pointed toward Jared.  
"Arabians!" cried Aaron. "He means the Arabians are fighting!"  
The chief could not comprehend the words. Sinking back, pallid from overexertion, he again patted Antonius on the arm and rested.  
Without a word, Aaron walked swiftly to the alcove, where one of Jared's menservants had squatted on his heels, watching the window. The servant came out, and took his place—a little distance from the fire.  
"If there is fighting, and any of the villagers can flee, those who believe themselves in danger from Herod will come here," Jared explained. "Those who do not fear Herod, but merely want to escape the fighting, will go down into the plain. It has ever been so—the cave is only for those who are in mortal danger."  
Antonius sighed impatiently. "If there is fighting, I would like to be there," he said. "Do you suppose that a great force of Arabians has attacked the town?"  
The village puzzled over the question. "If a great force had come across the mountains, surely we would know it before now, for swift runners would bring word," he said. "They could not have circled the valley past Bethshean, for there is a regiment there. I do not understand."

"Well," said Antonius, philosophically, "if there is a battle, and I can't be in it, and can't even see it, I might as well sleep."  
Without more ado, he rolled over the hard floor, and placing his arm beneath his head, closed his eyes.  
Jared returned to the fire, which he replenished with wood from a heap that lay against one wall of the cave. Maryam, her mother, and the maid-servants withdrew a little distance, and dragging out mattresses from a heap, back in the shadows, themselves prepared for slumber.  
The men-servants looked inquiringly at their master. He nodded approval, and they moved back into an alcove, opposite the one in which Aaron watched, and recited their evening prayer.  
Presently the cave was still, except for the crackling of the sticks upon the fire. Jared, awake, sat brooding over the flame. The soldier and the Arabian chieftain slept side by side.  
Three hours later Antonius awakened, with a start.  
There was a movement of feet upon the floor. His eyes wide opened, strained themselves to see, for the fire had died down to glowing coals.  
He saw four men moving past him. "Halt!" he ordered sharply, drawing his sword.  
The Arabian sprang to wakefulness beside him, and his weapon, too, glinted in the gloom.  
"Peace, soldier," came the voice of Aaron. "These are friends."  
The soldier, blinking, could see now that other men were gathered behind the smoldering fire—six of them, in addition to the four who had just passed him. The shepherd was standing at Antonius's shoulder.  
(To be continued)

## BEDTIME STORY

### Uncle Wiggily and the May Worm

Copyright, 1927, by Melrose Newspaper Syndicate.

By HOWARD R. GARIS

"Oh, Uncle Wiggily! Wait a moment if you please!" called a voice to the rabbit gentleman one afternoon as he was hopping through the forest not far from his hollow stump bungalow.  
"Now I wonder if that is the Skillery Scallery Alligator out of jail already?" asked Mr. Longears of himself, thinking of how he had splattered egg batter on the bad chap the day before with Nurse Jane's mended beater.  
But looking behind him, Uncle Wiggily saw the Lady Mouse Teacher from the Hollow Stump School tripping along over the green moss. So the rabbit gentleman waited for her.

"How are Scrimble and Scramble?"  
To creep up to him. Though he was much surprised when Miss Mouse asked.  
"How are Scrimble and Scramble?"  
"Why, they are all right, I guess," answered Mr. Longears. "I haven't seen them since they went to school this morning. Did they win a prize or something like that?"  
"No, indeed!" squeaked Miss Mouse. "Those two poor little bunny boys of yours, Scrimble and Scramble, said they didn't feel well. That was soon after school started when lunch was over. So I let them go home. I thought you might be going after Dr. Fossum to give them some medicine."  
"Oh, no!" exclaimed Uncle Wiggily. "Why, I didn't know Scrimble

and Scramble were ill. They aren't home, for I just came from my bungalow."  
"Oh, perhaps the poor dears are suffering in the woods, unable to hop home," squeaked Miss Mouse.  
Uncle Wiggily's pink nose twinkled. "I think I can guess what happened," he said. "Scrimble and Scramble got tired of their classes and pretended to be ill so you would let them come home. They must be playing somewhere in the woods."  
"Oh, the little rascals!" exclaimed the teacher.  
"Rascals is right!" cried Uncle Wiggily. "And if I could find them I would punish them for playing such a trick on you."

"Don't punish them too much!" begged Miss Mouse.  
"No, only just enough to make them remember not to do such a thing again," agreed Uncle Wiggily, as the Teacher Mouse scurried on and the rabbit sat on a log wondering where Scrimble and Scramble had gone.  
Just then, all of a sudden, a little voice came in the ground cried out: "Help! Help! Oh, I wish somebody would help me!" At the same time Uncle Wiggily saw a little flat stone pushed up a little way as if some one beneath it was trying to lift it off their head. As it was a very tiny stone, about the size of a doll's carriage, the rabbit gentleman didn't

raised it, and from a little hole beneath crawled out a fuzzy creature. "Hello!" called the tiny fuzzy chap to Mr. Longears.  
"Hello! Who are you, a June Bug?" asked the rabbit.  
"No, I am a May Worm," was the answer. "My cousin, the June Bug, will be along next month. I have been sleeping in the ground until just now, but when I wanted to get out, to crawl around, I found a stone over my hole house. I'm glad you pushed it off for me. Now isn't there some favor I could do for you?"  
"Well, the only favor I need just now is to find my two little rabbit boys, Scrimble and Scramble, who have played truant from school,"

spoke Uncle Wiggily. "They are somewhere in these woods, and—"  
"Say no more!" whispered the May Worm. "I can crawl around very fast and so silently no one can hear me coming. I'll find Scrimble and Scramble for you. Wait here!"  
The May Worm crawled away, and pretty soon he came quietly up behind them. The May Worm, all of a sudden, tickled Scrimble on his left hind leg and Scramble on his right.  
"Oh, what was that?" cried the little rabbits, much alarmed.  
"Don't you run—Scrimble and Scramble, who's already waiting for you,"

shouted the May Worm, and Scrimble and Scramble were so surprised that they dropped their jack straws and ran through the woods until they reached the place where Mr. Longears was sitting waiting on the log.  
"Oh, I am ashamed of you!" sorrowfully said the rabbit. "And Scrimble and Scramble were ashamed of themselves. They were punished by not having any lollypop pie for supper that night, and promised never to play any more tricks on the Lady Mouse. So they were forgiven, and if the coal bin doesn't come up from down cellar to play the piano and make black marks all over the floor, I'll tell you what—Uncle Wiggily and the little store."

## Wall Street To-Day

### Last Minute News on Stocks and Financial Affairs

New York, May 10 (By R. P. Clark & Co.)—Mixed moves were featured to-day. Call money was renewed at 4 1/2 per cent and this, with the decrease reported in the tonnage statement at noon, accounted for a temporary selling movement. In the afternoon steel and general markets were in active demand representing in good part covering operations and their action promoted in various sections, although the advance was not sustained.

There were numerous items in the day's news of a less favorable nature. Some of the early pressure was promoted by the report of the federal reserve bank increase in broker loans. The oil news was unfavorable. S.O. of Ind. cut gas prices two cents in Tulsa and S.O. of Neb. reported a cut of the same size throughout Nebraska. The week's production figures showed a sharp increase and independent oil and gas announced no action on its dividend at this time. Of a more favorable interpretation were the car loadings which were over the 1,000,000 mark. Also Western Electric directors recommended a split-up, the shares on a five-for-one basis.

New York, May 10 (By B.C. Bond Corporation's direct all Street wire)—The Wall Street Journal's stock market edition this afternoon says:

Price movements in to-day's session gave another convincing demonstration that the steady increase in brokerage loans had impaired conditions.

Monday's report on speculative borrowings at their centre set forth the tenth increase in the last eleven weeks, bringing the aggregate to the highest point reported thus far in 1927, \$429,545,600 above the cut in at this time last year. This further expansion was taken advantage by bearish professionals and the result of this effort failed to hurt constructive movements. Buying of power was waiting price recessions.

What made the indifference of the general list to operations for the day more significant was the fact that bearish attempts had the assistance of unexpectedly heavy calling of loans. Withdrawals totaling about \$25,000,000 were made during the day by banks desiring to fortify their reserve positions.

But aside from an advance in the demand rate to 4 1/2 per cent at renewals had been arranged at 4 per cent, the day without influence, as was the decrease of \$7,000 tons in U.S. Steel's forward business reported for April.

With gold continuing to flow into this country, and the financial district looking forward to a cut in the discount rate as part of treasury refunding programme, it was hard to stir up nervousness on score of the credit outlook.

## TO-DAY'S EXCHANGE

New York, May 10.—Foreign exchange easy. Quotations in cents: Great Britain—Demand 48 1/2, cables 48 1/2. France—Demand 3 1/2, cables 3 1/2. Italy—Demand 5 3/4, cables 5 3/4. Belgium—Demand 13 3/4. Montreal—Demand 100 1/4.

## SEEDING TO START ON PRAIRIE FARMS

Winnipeg, May 10.—Weather over the entire West this morning is reported to be fine and clear with bright sun and a brisk wind blowing which will soon dry up the farm areas and get the soil in condition to allow of seeding within a few days, says Thomas A. Acheson, general agricultural agent of the C.P.R. here. The heavy rain and snow of the last two days has held up work somewhat, but if present conditions continue the moisture will be thoroughly absorbed by the soil, and prove most beneficial to the growing crops.

Laborers will once more get on to the land, there being sufficient farm help in practically all districts of the West for spring work, says Mr. Acheson.

## FUSION MAY BRING PEACE IN CHINA

Common Enemy May be  
Found in Communists, Says  
F. V. Shore of Shanghai

Chang Hsueh Liang, Son of  
Chang Tso Lin, Now in  
Limelight

Fusion of the forces of the  
southerners with the moderates  
to combat the activities of the  
communists is believed possible  
by F. V. Shore, prominent mer-  
chant of Shanghai and a close  
student of economics in the  
Orient, who arrived here Sun-  
day on the liner Empress of  
Russia.

Mr. Shore pointed to the moves  
of the military strategists as founda-  
tion for his theory and reason for the  
hopes of the better class of Chinese  
for peace.

First of all, he said, General Sun  
Chiang Kiang and Chang Tso Lin  
Chang held the northern bank of the  
Yangtze River and refused to retire  
before General Chiang Kai Shek's  
soldiers. The radicals had moved  
against them, was facing a  
strong defence system which was  
all but impregnable.

Meanwhile, Shek's soldiers were  
occupying all the region around  
Shanghai having driven Sun out of  
the city. Slowly the breach is widen-  
ing between Shek and the left, or  
Communist wing of the Kuomintang  
party. The radicals had clashed  
with him. He would separate himself  
from them. It is understood that he  
is setting up a government of his own  
at Nanking and that his troops are  
ready for action with the radicals.

There is still another angle to be  
considered in connection with the  
Chinese military situation, and that  
is Feng Yu Hsiang, the Christian  
General, added Mr. Shore. It is  
stated unofficially in China that he  
has been asked to take command of  
the radicals. Hunan is the  
stronghold of communism. Hupeh  
is not so strong, but is gradually  
turning the scale. It would be there  
that he would make his greatest  
stand. General Feng is out in the  
Northwest of China at the present  
time. It is believed that General  
Feng will not accept the command,  
but that he will probably unite with  
the Northern troops and General  
Chiang.

**STUDENTS LEAD PEOPLE**  
There were thousands of students  
in China who had been sent abroad  
to study. It was these students who  
sowed the seed of revolt in the  
minds of the populace. Communists  
mean much to the Kuomintang party.

## PIERCE ON FIRST TRIP TO FAR EAST FROM HERE TODAY

On her first voyage out of this  
port in the Joint Dollar-American  
Mail "horshoe service" to the  
Orient and San Francisco, the  
Dollar liner President Pierce,  
Capt. Henry Nelson, will sail from  
here this evening at 6 o'clock,  
bound for Yokohama. The Pierce  
will arrive here from Seattle  
about 4 o'clock and after taking on  
several steerage passengers, mail  
and a few freight shipments will  
be ready to sail.

Mr. Shore asserted, but the greatest  
thinkers of China realize and de-  
clare that Communism is not the  
thing to be applied in China. Rus-  
sia is a living example of all that is  
wrong with the system, they say.

## ALASKA TO GET GREAT PULP MILL

Seattle, May 10.—A second great  
pulp mill will be constructed in  
Alaska, it was announced today, as  
the result of the decision of Wash-  
ington officials to accept the bid of  
the Cameron-Chandler Company for  
the Juneau project of the Tongass Na-  
tional Forest.

The Cameron-Chandler Company,  
only bidder, is expected to make an  
investment of approximately \$10,000,  
000 in developing the project. This is  
the second large pulp development  
planned, the Zellerbach Company  
successful bidder on a Ketchikan  
project, planning a \$12,000,000 mill  
and equipment.

The Cameron-Chandler Company,  
which represents a syndicate of Pa-  
cific Coast newspapers, has taken  
over the old Gastineau gold mining  
property, abandoned some years ago,  
and will use a portion of the mining  
buildings and machinery in the pulp  
development.

## VESEL MOVEMENTS

Rotterdam, May 6.—Arrived: Ben  
Lawers, Portland.  
Glasgow, May 7.—Arrived: Mont-  
gomeryshire, San Francisco.  
Trieste, May 3.—Arrived: Playa,  
San Francisco.  
London, May 9.—Arrived: Pacific  
Commerce, San Francisco.  
Yokohama, May 4.—Arrived: Victo-  
rious, San Pedro; Yone Yamaru  
Maru, Tacoma.  
Shanghai, May 8.—Sailed: Lisbon  
Maru, San Francisco.  
Yokohama, May 4.—Sailed: Mont-  
real Maru, San Francisco.  
New York, May 9.—Sailed: Algon-  
quin, San Francisco; Arto, Standard  
Arrow, San Pedro.  
Antwerp, May 4.—Sailed: Canada,  
San Francisco.  
Dairen, May 7.—Sailed: Baltimore  
Maru, Portland.  
Panama Canal, May 8.—Sailed:  
Mary Weems, San Francisco.

## Notice to Mariners

Mariners are herewith notified that  
the lightship marking the mouth of  
the Fraser River at the Sandheads  
will be replaced in position on or  
about May 10, and the temporary  
gas buoy marking the lightship's po-  
sition will be removed.

## NO WORLD POOL, WHEAT GROWERS DECIDE AT MEET

But International Co-opera-  
tive Marketing is Object of  
Grain Producers

KANSAS CITY, Mo., May 10 (Can-  
adian Press)—Closest co-operation of  
world-wide wheat pool organizations  
is assured, following a three-day con-  
ference—the second international  
co-operative wheat pool conference  
which closed here Saturday night.

The central world merchandising  
agency will not be formed, but as  
the result of resolutions adopted at  
the closing session Saturday an in-  
ternational bureau which will act  
as a clearing house for statistical in-  
formation, matters relating to the  
development of international co-opera-  
tion and such other matters as  
may be of mutual benefit to the world  
co-operative movement, will be es-  
tablished.

The resolution, instructing the in-  
ternational committee to establish an  
international bureau, was adopted  
following an address by G. W. Rob-  
ertson, secretary of the Saskatchewan  
wheat pool, who warned the confer-  
ence against the danger of the im-  
mediate formation of an interna-  
tional selling agency. He spoke of  
the "possible basis for international  
co-operation" and suggested the es-  
tablishment of the international  
bureau to bring co-operation between  
the various world-wide co-operative  
systems.

The resolution includes the declar-  
ation that "as soon as practicable,  
the wheat producers in the chief  
wheat exporting countries of the  
world should look toward interna-  
tional co-ordination of their co-opera-  
tive marketing programs."

"This must be preceded by thor-  
ough organization of the producers  
in each country on a perma-  
nent basis and such organization  
must control a substantial percentage  
of the wheat grown in such coun-  
tries," the resolution declares, adding:  
"When these conditions are met,  
then international co-ordination will  
give the grower the same control  
over the marketing of his crop as  
already possessed by other indus-  
tries and will materially assist in  
putting agriculture in its rightful  
place among the other industries of  
the world."

C. H. Burnell, president of the Man-  
itoba wheat pool, was reappointed  
chairman of the international com-  
mittee at the closing session. Other  
members are: G. W. Robertson, sec-  
retary of the Saskatchewan wheat  
pool; Ernest R. Downie, general  
manager of the Kansas wheat pool;  
John Manley, general manager of the  
Oklahoma wheat pool; A. J. Scott,  
secretary of the Saskatchewan wheat  
pool; Lew Hutchinson, member of  
the board of directors, Alberta wheat  
pool; C. Judd, Melbourne, Australia;  
W. A. MacLeod, Canadian Co-opera-  
tive Wheat Producers, Winnipeg;  
and Saul G. Bron, of the Soviet Grain  
Export Corporation, New York.

Next year's meeting place in West-  
ern Canada will be left to the com-  
mittee to decide as well as all ar-  
rangements for the next conference.  
The delegates, in closing the  
conference, Chairman Burnell stated  
his conviction that as a result of the  
sessions the co-operative movement  
in Canada and the United States  
would march steadily forward, gain-  
ing strength in its co-operative mar-  
keting undertakings.

## Alaska Whalers To Start May 18

Seattle, May 10.—Charter of the  
steamship Cape York to the Cana-  
dian-American Shipping Company of  
Seattle, to load lumber on the Pa-  
cific Coast for the United Kingdom,  
was announced here yesterday. The  
"K" steamer Boston Maru was also  
reported to have been chartered to  
an unnamed firm to load lumber for  
Japan at Gray's Harbor and Puget  
Sound.

The steamship Victoria left here  
today for Bristol Bay, Alaska, with  
employees of the American Pacific  
Whaling Company en route to sta-  
tions at Port Hobson and Akutan.  
Seven whaling vessels of the com-  
pany are expected to leave here for  
the north, May 18.

The steamer Ipswich of the Mc-  
Cormick Line, arrived here yesterday  
from the Atlantic Coast, and will load  
at Tacoma and Gray's Harbor for  
the return voyage.

## C.G.M.M. MOVEMENTS

Canadian Highlander, arrived  
Liverpool, April 30.  
Canadian Importer, left Victoria  
for Atlantic coast, April 27.  
Canadian Beaver, left Panama  
Canal for Kingston, Guelph and  
Port of Spain, May 2.  
Canadian Ranger, arrived Mon-  
treal, May 2.  
Canadian Seignior, arrived Que-  
bec, May 1.  
Canadian Spinner, arrived Van-  
couver, May 1.  
Canadian Transporter, left Victo-  
ria, May 7.  
Canadian Winner, arrived Quebec,  
May 4.  
Canadian Coaster, left Ocean Falls  
for San Pedro, May 8.  
Canadian Farmer, left Ocean Falls  
for San Pedro, May 1.  
Canadian Observer, left Nanaimo  
for Ocean Falls May 7.  
Canadian Rover, arrived San Fran-  
cisco, May 5.

## TRANS-PACIFIC MAILS

May, 1927  
China and Japan  
Tallihou—Yokohama, May 12, noon:  
due at Yokohama May 18.  
Arizona Maru—Mails close May 5, 4 p.m.:  
due at Yokohama May 20.  
President Pierce—Mails close May 10, 4 p.m.:  
due at Yokohama May 23, Shanghai  
May 28, Hongkong May 29.  
Empress of Russia—Mails close May 10, 5 p.m.:  
due at Yokohama May 30, Shanghai  
June 3, Hongkong June 4.  
President Taft—Mails close May 24, 4 p.m.:  
due at Yokohama June 5, Shanghai  
June 8, Hongkong June 12.  
London Maru (from Vancouver)—Mails  
close June 1, 11 p.m.: due at Yokohama  
June 17.

due at Auckland May 23, Sydney May 28.  
Bonoma (Fill and Australia only)—Mails  
close May 10, 4 p.m.: due at Sydney June 2.  
Makura—Mails close May 18, 4 p.m.:  
due at Wellington June 4, Sydney June 11.  
Ventura (Australia only)—Mails close  
May 30, 4 p.m.: due at Sydney June 23.  
Aorangi—Mails close June 1, 6 p.m.:  
due at Auckland June 20, Sydney June 25.

## EXCURSION TICKETS IN POPULAR DEMAND

Expect Princess Kathleen Will  
Take Capacity List to Seattle  
Next Saturday

The capacity quota of 1,500 passen-  
gers of the C.P.R. steamship Princess  
Kathleen is expected to be completely  
filled for the excursion to be con-  
ducted by the One Hundred Per Cent  
Club to Seattle next Saturday.  
Tickets have been selling rapidly,  
and it is anticipated that there will  
be no accommodation left by the end  
of the week.

The Princess Kathleen, which left  
the Songhees drydock last night after  
cleaning and painting, is now in trim  
for the Summer. After taking the  
excursion on Saturday, she will com-  
mence service on the triangle run  
the following day.

In order to allow plenty of time for  
excursionists in the Sound City, the  
start of the excursion will be re-  
served for 9 o'clock in the morning.  
An early lunch will be served on  
board shortly before arrival at  
Seattle. The vessel will leave on the  
return trip at 6 o'clock in the evening  
and dinner will be served soon after  
the vessel clears from Seattle. This  
will give five full hours for excu-  
sionists to see the sights of the  
Puget Sound metropolis.

## JAPAN BIG RIVER FROM CANADA NOW

Ottawa, May 10.—There is a large  
and growing interchange of trade  
between Canada and Japan during  
a very trying period in the financial  
history of Japan, according to Trade  
Commissioner James A. Langley, sta-  
tioned at Kobe, Japan, in a commu-  
nication to the department of trade and  
commerce.

The following were the imports  
into Japan for the past three calendar  
years:

1926, \$37,913,668; 1925, \$25,675,012;  
1924, \$25,900,376.

Japan continues to be Canada's  
third best customer, having bought  
during last year to the value of  
\$7,307,628 of Canadian commodities  
more than Germany, her nearest  
competitor for third place. Of Japan's  
imports from Canada wheat is the  
most important item, 232,536 tons  
valued at \$15,201,760 during the first  
eleven months of 1926.

Exports from Japan to Canada have  
also increased. During 1926 Japan  
exported to the value of \$11,232,  
\$3,578,744 during 1925. In the ex-  
change of merchandise with Japan,  
Canada's unfavorable balance of trade  
in 1926 was \$26,674,064.

## COASTWISE MOVEMENTS

For Vancouver  
C.P.R. steamer leaves daily at 3:15  
p.m.  
C.P.R. steamer leaves daily at 11:45  
p.m.  
From Vancouver  
C.P.R. steamer arrives daily at 7 a.m.  
C.P.R. steamer arrives daily at 3 p.m.  
Sol Due leaves daily at 10:15 a.m., ex-  
cept Sunday.  
C.P.R. steamer leaves daily at 4:30  
p.m.  
From Seattle  
C.P.R. steamer arrives daily at 1:15  
p.m.  
B.C. Coast Route  
B.C. Coast Service: From Victoria  
first, second and twenty-first of each  
month at 11 p.m.

26	1:50	8:15	1:15	8:45	1:15	8:45	1:15	8:45
27	1:50	8:15	1:15	8:45	1:15	8:45	1:15	8:45
28	1:50	8:15	1:15	8:45	1:15	8:45	1:15	8:45
29	1:50	8:15	1:15	8:45	1:15	8:45	1:15	8:45
30	1:50	8:15	1:15	8:45	1:15	8:45	1:15	8:45
31	1:50	8:15	1:15	8:45	1:15	8:45	1:15	8:45

The time used in Pacific standard, for  
the 1927 year, is 15 minutes less than  
from 0 to 24 hours, from midnight to mid-  
night. The figures for high water  
and low water are from low water.  
Where blanks occur in the table, the tide  
rises or falls continuously during two suc-  
cessive tidal periods without turning.

## Non-stop Flight From England to India Planned

London, May 10.—Announcement  
was made today that Lieut. C. R.  
Carr, as pilot, and Flight-Lieut. L. S.  
Gillman, in a specially con-  
structed Hawley Royle-Royce aero-  
plane which passed its tests at  
Brooklands yesterday, would start  
probably on May 20 in the "Crom-  
well Aerodrome" in Lincolnshire on a  
non-stop flight to India, a distance  
of 4,000 miles, which they hope to ac-  
complish in forty-eight hours.

Alexandra Club Tea.—A tea will  
take place at the Alexandra Club on  
Wednesday, May 11, at 4 p.m., when  
Mrs. Thav has kindly consented to  
give a talk "Some Impressions of  
England." Tables can be reserved  
on application to the club.

## RESTORER TO LAY NEW CABLE LINES

Direct Connection Between  
Vancouver and Australia to  
Be Completed

Two links of nautical cable, one  
between Banfield and Port Alberni  
and the other between Nanaimo and  
Vancouver, in order to give Van-  
couver a direct communication with  
Australia will be laid by the cable-  
ship Restorer, Capt. C. Fleming, it  
was announced yesterday.

Work on the laying of the new  
cable will commence shortly. The  
Restorer received thirty miles of  
cable from the R.M.S.P. motor vessel  
Loch Goll, which docked here Satur-  
day and will receive a large con-  
signments from the Holland-America  
liner Drechtidijk, which is due here in  
a few weeks. The Restorer left here  
for Vancouver today.

The two nautical cables will be  
connected with the overland circuit  
between Nanaimo and Port Alberni  
and the Banfield and will be joined  
with the Pacific cable, giving direct  
connection.

Succeeding Capt. W. C. Dillon,  
Capt. Fleming of Halifax has been  
appointed commander of the cable-  
ship. Capt. Fleming arrived in the  
city Saturday and will take charge  
of the vessel immediately. Capt.  
Dillon, former commander of the  
officer of the vessel under Capt.  
Livingstone, was placed in command  
of the vessel when the latter left  
last year, and this year, when she  
made the trip to Guam during the  
winter to repair the Manila-  
San Francisco cable.

John, leaving Skitlagit for Lagoon.

## MARINE NOTES

With sixty tons of cargo and  
twenty-nine bags of mail for Vic-  
toria, the N.Y.K. freighter Tokiwa  
Maru arrived here at 9 o'clock this  
afternoon from the Orient. The  
Tokiwa had a fairly large cargo on  
board including a big silk shipment  
for Seattle. She will leave for the  
Sound city about 5 o'clock.

Outbound for the Orient, the  
N.Y.K. liner Iyo Maru arrived here  
this afternoon from Seattle. There  
were three passengers and supplies  
here to go aboard the vessel. She  
had a capacity cargo of wheat, lum-  
ber, flour and general merchandise  
for the outward trip.

**WEDNESDAY, MAY 11, 1927**

While this day's aspects are read by astrologers as rather unimportant it is well to be cautious in important matters for there is one strong adverse influence.

This is read as rather an uncertain day for contracts of leases and it may be wise to postpone signing papers.

Newspapers are likely to publish cable messages of alarming import, but the news declare that the United States is to be most fortunate in world relations.

Under this sway merchants and manufacturers may be less busy than usual, but they have the forecast of tremendous business.

There is a most encouraging sign for gardening which is to interest women especially.

Athletics now comes under a favorable direction of the stars which promises for American women new attainment.

Beauty is to become more and more general among the women of this country, it is forecast. In physical development they will outstrip men for a time, the stars indicate.

The Summer is to be a time especially favorable to romance, astrologers predict, and it will mark a period of new stability in marriage, if the stars are read aright.

Much travel will be recorded in the coming Summer when the tide will be strongly westward with much action at Pacific Coast ports.

Japan is to profit in many ways in the next few months and to gain favor in certain quarters in the United States, it is prophesied.

Persons whose birthdate it is have the augury of success in the coming year. Those who are employed should benefit.

NATURE'S WAY IS BEST

## Eat Bran

—because you like it

Gems or muffins of Tillson's natural Bran are the pleasant way to take the "roughage" nature needs. Eat one or two at every meal—you will like them.

Simply and easily prepared. The package contains prize-winning recipes by Canadian housekeepers which have been tested in our bake kitchens.

If you are feeling the effects of sluggish or irregular evacuation, start taking Tillson's natural Bran in this pleasant way. It will help you back to normal, regular movements.

## ACCOUNTANT BUCKLE SUMMARILY RESIGNS

Saanich Municipality Office Staff Again Reduced

T. S. P. Buckle, accountant to Saanich municipality, last night submitted his resignation to the Saanich Council, asking immediate acceptance. The council accepted the resignation with regret. Reeve Crouch stated the resignation was handed him at the close of business yesterday afternoon by the office boy.

Councillor Hagan criticized changes recently made in the municipal office staff by the council, as a serious loss of efficiency destined to cost Saanich more than the saving attempted. "We cannot afford to lose such men as Allan and Buckle," he said.

"The thing has been crudely handled, it should not have gone to the press with publication of all those names," the councillor objected. Reeve Crouch accepted full responsibility as the best means of preventing circulation of unfounded rumors as to the efficiency of all concerned. "We should be thanked instead of criticized," he asserted. Cashier Green will be promoted to accountant on probation, and Miss Butt will become cashier. Auditor Ismay will be called upon to give the reorganized staff extra aid while the experiment is being tried.

## ZONING TO UPHOLD PROPERTY VALUES

Town Planning Ordinance Will Appreciate City Property, Ald. Woodward States

City Land Sales Reported at Considerable Rise For Week

City-owned property will gain appreciably through the operation of the zoning measure, stated Alderman E. S. Woodward at the City Council session last night, in support of the measure now before the council for final consideration and passage. Ratification of the interim zoning law was laid over last night on the request of Alderman H. C. Holmes, chairman of the committee, who reported progress as a result of a meeting between the council and building trades yesterday afternoon.

A request from Gordon M. Campbell, solicitor for clients who own property at the northwest corner of Cook and Fairfield Roads, for permission to erect business premises there was referred by the council to its zoning committee for action. The majority council view was that as one store already existed at the location the business use of another corner for a purpose would not be objectionable to the residential value of the district. This was not to be taken as constituting Cook Street a business zone, it was stated, but merely the council's willingness to consider each application on its merits.

The same committee was instructed to investigate a garage application on a borderline case in the Gorge area, with power to act. In presenting the report of the lands committee Alderman R. A. C. Dewar disclosed sales of city property amounting to \$3,175, effected through Joseph Witcomb, acting lands commissioner. This included city property on Richmond Avenue reversioned in 1917; property on Manor Road between Royal and Joan Street, reversioned in 1920; and a smaller piece of property on Pembroke Street, reversioned in 1924. The sales are for building purposes, it is understood.

The city has agreed to purchase a strip at Blanshard and McClure Street to round out the corner there and make it better for traffic vision.

## MILK VENDOR IS SUSPENDED

Tests in City's Laboratory Showed Milk Below Standard, it is Asserted

One milk vendor has fallen foul of the city's health regulations, it was reported to the City Council last night by Dr. Arthur G. Price, city health officer. The suspension of the dealer's license would result unless he can show cause why that course should not be taken. Monday at 7:45 p.m. was set aside for the council to sit as a board of health to hear the case and to permit an opportunity to the dealer to defend himself.

The health department reported prior alleged infractions in 1925 and twice in 1926, concluding that in both March and April this year tests of the milk taken at the city's laboratory had not proved up to the standard required. No other case of alleged breach has been reported to the council this year. Temporary suspension follows the report prior to the investigation of the complaint, it is understood.

## Brentwood

Brentwood, May 10.—A jolly party moved out from Victoria on Saturday evening and spent a most enjoyable time at the Anchorage Tea Gardens. Cards, music and dancing were enjoyed and a delicious supper was served later in the evening. Those in the party were Mr. and Mrs. Howard Taylor, Mr. and Mrs. J. Morrison, Mr. and Mrs. J. F. Thompson, Mr. and Mrs. D. Moore, Mr. and Mrs. J. McRoberts, Mr. and Mrs. A. Nairn, Mr. and Mrs. R. A. Playfair, Miss Craighead, Miss E. Jeanne, Mr. J. Hillier, Mrs. T. Vane, Mr. and Mrs. Grimason, Miss Freda Reppingale, H. Givens, J. M. Elliott, Mr. and Mrs. W. A. Davis.

Misses Freda and Gladys Durand and Miss Jessie Morrison were visitors to Bellingham last week.

Mrs. L. Schwartz entertained a merry party of children in honor of the eleventh birthday of her daughter, Daphne. The young folks passed a very jolly afternoon playing various kinds of games until the supper hour when they sat down to a table prettily decorated with Spring flowers and centered with the birthday cake. The little guests were Barbara Garrard, Peggy Garrard, Estella Sery, Hope Sluggett, Dorothy Sluggett, Lola Hull and Myriel Sluggett.

The West Saanich W.I. will hold a military five hundred party in the Institute Hall on Wednesday evening.

Guests registered at the Anchorage during the past week: Mrs. Williams, Honolulu; W. Andrews, Tokyo, Japan; M. Whitaker, San Francisco; Mrs. Chas. Rowell, Victoria; Mrs. W. E. Robinson, Coldwater, Michigan; J. J. Miller, Hongkong; D. D. Green, Moscow, Russia; D. V. Pugh, Kobe; A. C. Lindsay, Pasadena, Cal.; Mr. and Mrs. Brisbane, Victoria.

Francis Lindsay left on Saturday with the "Wing" fleet, and will spend the Summer months at Rose Harbor.

Mr. and Mrs. W. Knowles and son, Andrew, were visitors to the beach during the week-end.

## RUSSIANS TO BUY HORSES AND SHEEP

Big Round-up of Animals to Get Under Way in B.C. Interior Now

Will Purchase 800 Horses Here and 5,000 in Canada Altogether

Arrangements for the shipment of close to 1,000 horses from the ranges of interior British Columbia to Russia this Summer were completed at a conference here between Hon. E. D. Barrow, Minister of Agriculture, Dr. D. Warnock, Deputy Minister, and Louis Kon of the Soviet Trade Delegation to

Canada, with headquarters in Montreal.

The Russian Government will buy some 800 or more horses in British Columbia early next month for shipment to Russia via Montreal, Mr. Kon announced.

## PLAN ROUND-UPS

Horses will be assembled from the contiguous ranges at Vernon, Kamloops and Ashcroft, where they will be tested and inspected by Russian representatives about June 5. The animals need not be broken, but must be halter-broken, according to Mr. Kon's stipulation. A small type of saddle horse is desired, and in order that the Russians' precise requirements may be known they purchased three horses from the Pelly-Quilts Farm and placed them in Kamloops for inspection.

From the prairies the Russians will buy up to 4,000 horses, making a total purchase in Canada of some 5,000 animals. All will be shipped to Russia via Montreal about July 1.

## TO BUY SHEEP

After securing horses in this way Russia will be in the market for British Columbia sheep, Russian representatives told the Department of Agriculture. Well satisfied with

sample shipments of sheep sent from here last year, Russian agriculturists are anxious to secure more of these animals.

## COVENTRY OFFERS SEAT TO TOLMIE

Hon. S. F. Tolmie, Conservative Party leader in British Columbia, can have the Conservative nomination in

Saanich if he wants it, T. G. Coventry, member of the Legislature for Saanich, declared at a meeting of Ward Two Saanich Conservatives last night. Mr. Coventry said he would be glad to support Dr. Tolmie for the nomination if this were agreeable to the Conservatives of the riding. Saanich would be highly honored if Dr. Tolmie would consent to represent it in the Legislature, Mr. Coventry declared.

## Spring Time is CELERY KING Time

Brew a cup of this fine old vegetable tonic. It is all the spring medicine you need. It drives out winter's poisons, improves the appetite and makes you feel better right away. CELERY KING is good for the whole family. At druggists, 30¢ & 60¢.

(Advt.)

## WE WORK MIRACLES

with old seagress, wicker, willow or cane chairs. Don't throw yours away. Bring them to us. We can make them as good as new again at reasonable cost.

## DODGING MARRIAGE?

EVELYN and BOBBY agreed to a trial marriage. Evelyn was an "intellectual"—working her way through college. She preferred her books and the study of sociology to the society of men. Bobby was a successful man of business, but, intellectually, a "low-brow" with an insatiable longing for the finer things of life. He worshipped Evelyn's intellect and culture rather than Evelyn herself. And he wanted her—wanted her without expecting love in return. And so they married with the understanding that the contract would automatically become null and void at the expiration of five years—should either so desire it.

The years slip by—the period of probation comes to an end—and Evelyn, preferring her intellectual pursuits to the companionship of her husband, quietly slips out of his life.

Did she regret her decision? Did she discover the blessings and compensations of married life after it was too late? And what about . . . Bobby?

The solution of this absorbingly interesting page from life's drama—written by Evelyn herself, and entitled: "WHAT IS MARRIAGE WORTH?"—appears in TRUE STORY FOR JUNE.

DON'T MISS READING "WHAT IS MARRIAGE WORTH" IN TRUE STORY FOR JUNE.

## Would Trial Marriages Benefit Society?

Are "we moderns" dodging the institution of marriage and its consequent responsibility of parenthood? Are we so selfish that we prefer our personal comforts and pleasures—motor cars, golf, bridge, teas, jazz, the club—to the sweetest of all pleasures, that of loving and caring for young children?

Or are the natural, God-given instincts of family affection and the readiness to make sacrifices for one's children as strong as ever, despite this jazz-mad age?

Should we go to the altar and bind ourselves for life to a mate about whom we can, at best, know but little? Would it be in the best interests of society and posterity were legislation to be passed whereby the bonds of matrimony could be legally and decently dissolved after a period of probation, should either of the contracting parties so desire?

H. LOVICK, WHOLESALE DISTRIBUTORS

There is a tear, a laugh and a thrill in these gripping narratives taken from Life in TRUE STORY for June

## The Love Pirate

There is nothing so easy to lose as a good reputation, and nothing so difficult to live down as a bad one. In a tense life of amazing adventures, Kitty was to learn that the public judges by appearances.

## I Ruined Two Men's Lives

Chivalry is one of the finest qualities a man can possess. It instinctively urges him to the defence of all womanhood. But when an unscrupulous woman exploits that chivalry for her selfish ends, it can lead a man to destruction.

## Fate's Playthings

Are we the dictators of our own destinies, or merely the helpless victims of chance? No matter which, we all admire the man who faces suffering, misfortune, and even death with a ringing: "I am the master of my fate! I am the Captain of my soul!"

## What I Learned About Men

What is the secret of a happy marriage? Is it love, or wealth, or health? Many marriages have failed where all three have existed in abundance. Can it be that one of the essentials of a happy marriage is tolerance? Here is a story with a great message to all lovers.
